ORDINANCE NO. _____

AN ORDINANCE RESTRICTING PORTIONS OF WESTERN AVENUE WITHIN THE CITY OF BLUE ISLAND FOR THIRTY MINUTE PARKING DURING THE HOURS OF 6:00 A.M. THROUGH 6:00 P.M. MONDAY THROUGH SUNDAY AND PROVIDING PENALTIES FOR THE VIOLATION THEREOF

BE IT ORDAINED by the City Council of the City of Blue Island, County of Cook and State of Illinois, as follows:

SECTION ONE

The word “park” shall mean the standing of a vehicle, whether occupied or not, otherwise than when temporarily and actually engaged in loading or unloading of merchandise, property or passengers, and except when necessary to avoid conflict with other traffic, or in compliance with the directions of a police officer or traffic control signal or device.

SECTION TWO

That portion of Western Avenue within the City of Blue Island as hereinafter defined, is hereby restricted for “Thirty (30) Minute Parking during the hours of 6:00 A.M. to 6:00 P.M. Monday through Sunday” on:

That portion of the west side of Western Avenue beginning at the southwest corner of High Street and continuing in a southerly direction to the northwest corner of York Street.

SECTION THREE

Appropriate signs shall be erected on the portion of the street designated above, informing the public that parking thereon is restricted or permitted as hereinabove

provided for.

SECTION FOUR

The operator of any vehicle violating or failing to comply with the provisions of this ordinance shall upon conviction thereof be fined not less than Fifty Dollars (\$50.00) nor more than Two Hundred Fifty Dollars (\$250.00) for each offense.

SECTION FIVE

All ordinances or parts of ordinances in conflict herewith are hereby repealed.

SECTION SIX

This ordinance shall be in full force and effect from and after its passage, approval and publication in pamphlet form as provided by law. A full, true and complete copy of this ordinance shall be published in pamphlet form, by authority of the City Council as corporate authorities.

RESOLUTION NO. _____

A RESOLUTION BRINGING AWARENESS TO THE GROWING HEROIN PROBLEM IN THE GREATER CHICAGOLAND AREA

WHEREAS, heroin is an illegal and highly addictive drug that is both the most abused and the most rapidly acting of the opiates; and

WHEREAS, heroin is typically sold as a white or brownish powder or as the black sticky substance known as “black tar heroin”; and

WHEREAS, although purer heroin is becoming more common, most heroin is “cut” with other drugs or with substances such as sugar, starch, and powdered milk, as well as strychnine or other poisons; and

WHEREAS, because heroin users do not know the actual strength of the drug or its true contents, they are at risk of overdose and death; and

WHEREAS, heroin also poses special problems because of transmission of human immunodeficiency virus (HIV) and other diseases that can occur from sharing needles or other injection equipment, and because of the medical and social consequences of abuse, including fetal effects, crime, violence, and disruptions to the family, workplace, and educational environments; and

WHEREAS, many of our area high school students are falling victim to this highly addictive drug because Heroin is much less expensive and more easily accessible than prescription drugs; and

WHEREAS, according to “Heroin Use in Illinois: A Ten-Year Multiple Indicator Analysis, 1998 to 2008”, conducted by Roosevelt University and the Illinois Consortium on Drug Policy, the Chicago metropolitan area ranked among the worst nationally for heroin-related problems, including ranking first in the number of individuals admitted to the emergency room for heroin abuse and first in the percentage of arrestees testing positive for heroin; and

WHEREAS, the study also found the increase in suburban heroin abuse has resulted from increased heroin use among teens, including a 27% increase in suburban Cook County and a 46% increase in the collar counties; in 2008, over 100 individuals in the Chicago Metropolitan Area under the age of 35 died from heroin overdose; and

WHEREAS, the only way to quell the growth in use of this and other illegal drugs and put an end to the mass devastation caused by it is to first bring awareness of this growing problem to the public.

NOW, THEREFORE, BE IT RESOLVED, by the Mayor and the City Council of the City of Blue Island, recognizes the urgency of dealing with the Heroin use problem in the

Chicago Metropolitan area and encourages local schools and local officials to participate in common sense solutions and support for life-saving efforts to combat heroin use among our youth. We further encourage community members to become more aware of the growing heroin use problem and the tragedy left in its wake, by learning to recognize the signs of use and participating in local educational programs.

TO: Mayor and City Council

FROM: Blue Island Zoning Board of Appeals

RE: Application of the City of Blue Island for a zoning text and map amendment in the C-1, C-2, and R-1 districts to create the Uptown-Transit Oriented Development (U-TOD) District, pursuant to Article VIII, Section 8.9 of the Blue Island Zoning Ordinance of 1971, as amended, Blue Island, Illinois.

A hearing by the Blue Island Zoning Board of Appeals was convened on May 14, 2012 at 6:30 p.m. concerning the above referenced application. The Zoning Code states that an amendment may be proposed by City Council.

The Board heard testimony and received evidence from the City of Blue Island Mayor Donald E. Peloquin, Building Commissioner Robert Adams, Zoning Administrator Jason Berry, Treasurer Carmine Bilotto, and Mr. Ronald Bloom. Mr. Berry presented the Board with the proposed draft of the U-TOD zoning district and addressed the amendment standards found in Section 8.9 of the zoning ordinance for the City of Blue Island. The U-TOD district would be added to the zoning ordinance and amend the official zoning map of the City of Blue Island. The proposed district is attached hereto as Exhibit "A."

The boundary of the proposed district begins at the centerline of the alley west of Western Avenue at Union Street, proceeds south to the centerline of New Street, west to the second alley west of Western Avenue, south to Artesian Avenue, south along the center line of Artesian Avenue to the rear lot line of the parcel at the southwest corner of James Street and Olde Western Avenue, south along the rear lot lines of properties fronting Olde Western Avenue to the northwest corner of the Olde Western Historic District, south, east, and north along the boundaries of the Olde Western Historic District, east along the centerline of Canal Street, north at the alley west of Seely Avenue, east along the rear lot line of the parcels fronting the north side of Canal Street, north along the centerline of Division Street to the rear lot line of the parcel

at the northwest corner of Vermont Street and Division Street, west along the rear lot lines of the parcels fronting the north side of Vermont Street to Chicago Street, north along the centerline of Chicago Street to York Street, west along York Street to the west line of the Rock Island Railroad (Metra) right of way, north along the west line of said right of way to Union Street, west along the centerline of Union Street back to the point of beginning. A map and legal description is attached hereto as Exhibit "B."

The proposed district includes 470 parcels presently zoned C-1 Central Area Commercial (236 parcels), C-2 Highway Commercial (111 parcels), and R-1 Single-Family Residential (123 parcels). The City of Blue Island City Council opened the proposed zoning text and map amendment with a motion on February 14, 2012. Minutes of the City Council meeting for February 14, 2012 are attached hereto as Exhibit "C." The Blue Island Plan Commission at its meeting held on March 14, 2012 voted to recommend approval of the zoning text and map amendment. Minutes of the Blue Island Plan Commission meeting for March 14, 2012 are attached hereto as Exhibit "D."

Mayor Peloquin stated that the U-TOD zoning district seeks to guide the development opportunities identified by the *Blue Island Plan for Economic Development*, adopted by the City of Blue Island in July 2005. Mayor Peloquin noted that the U-TOD protects the Western Avenue commercial district and responds to Blue Island's Active Transportation Plan, as adopted by the City of Blue Island in March 2012, the development of the Cal-Sag Trail, and would encourage water recreation on the Cal-Sag Channel. Green infrastructure would be required for new development. The U-TOD district allows for increased density in the Metra station area to take advantage of the commuter rail assets found in Blue Island.

Zoning Administrator Jason Berry stated that the U-TOD district was created to be a unique district with its own set of regulations drafted to protect existing buildings, businesses, and homeowners while providing regulations for new construction that controlled design in a manner to create high-quality, contextual architecture. Berry reviewed the land use regulations (Sec. 4.06.5) and described the expanded list of uses available to property owners. Non-conforming uses would be protected by the existing zoning ordinance. The U-TOD creates two zones (A and B) designed to protect existing single-family housing. Mixed-use (commercial and residential), multi-family residential, live/work residences, and commercial uses would be permitted. Bulk regulations limit height on Western Avenue to three stories to preserve the existing street wall. In other areas six story mixed use and multi-family would be permitted. Single-family residential would be allowed on 25 ft. by 125 ft. lots. Design regulations are introduced to guide architectural style (Sec. 4.06.6). These include storefront design, façade articulation and transparency. Permitted and prohibited materials for new construction are outlined in Sec. 4.06.6(C)5 Exterior Finish Materials. Regulations for solar and wind energy and stormwater best management practices (BMPs) are included in Sec. 4.06.6(E), (F), and (G). Sign standards are regulated by Sec. 4.06.6(H). These include new regulations for projecting signs and large signs and murals. Sign design standards control size, materials, and lighting. A list of prohibited signs is outlined in Sec. 4.06.6(H)4. Parking is regulated by Sec. 4.06.7. Lastly, Berry noted the approval process outlined in Sec. 4.06.8.

Board Chairman Clifford Griffin asked if the proposed regulations would apply to the entire City. Berry responded that they would be limited to the boundaries of the U-TOD district, as presented.

Board Member Jeffrey Atwell expressed concern regarding the return of multi-family housing to the City's zoning ordinance and the impact that would have on existing vacancies and property values. Building Commissioner Adams stated that the U-TOD requires new construction to be of very high quality, resulting in high-value new construction. Treasurer Bilotto stated he had similar concerns, but noted that the market for rental housing remains strong in Blue Island. Berry stated that the City would soon begin enforcement of its Vacant Property Ordinance. Berry added that new housing is targeted by the Blue Island Comprehensive Plan for vacant parking areas near the Metra stations and would provide a tax boost to the City if developed. The additional density would create a larger market for businesses on Western Avenue.

Ronald Bloom stated his desire that any new construction respects the historic character of Blue Island.

After hearing testimony the Zoning Board reviewed the standards a zoning amendment as set forth in Article VIII, Section 8.9(6)(a) through (e), inclusive. The standards are as follows:

The Zoning Board of Appeals shall make findings based upon the evidence presented to it in each specific case with respect to the following matters:

- a. Existing used of property within the general area of the property in question.
- b. The zoning classification of the property within the general area of the property in question.
- c. The suitability of the property in question to the uses permitted under the existing zoning classification.
- d. The trend of development, if any, in the general area of the property in question.
- e. Projected uses of the property, as indicated in the Comprehensive Plan.

Zoning Administrator Berry addressed each standard before the Zoning Board.

Section 8.9(6)a: Existing used of property within the general area of the property in question. Berry stated that commercial and medical uses comprise 19% of the proposed district, general industry comprises 7%, mixed-use and residential comprise 43% of the proposed district, multi-family residential comprises 2% of the district, exempt and not-for-profit uses comprise 26% of the district, and vacant lands comprises 3%. Berry stated that the U-TOD would permit all but the general industrial uses. In addition, although the majority of the uses in the proposed district were mixed-use and residential, the current zoning classifications only permits mixed-use in the C-1 district and single-family residential is only permitted in the R-1 district.

Section 8.9(6)b: The zoning classification of the property within the general area of the property in question. Berry stated that 50% of the property in the proposed district is zoned C-1, 24% is zoned C-2, and 26% is zoned R-1. Adjacent properties are zoned R-1, C-1, C-2, and I-2. With the majority of the property zoned C-1, Central Area Commercial, the proposed U-TOD preserves the character of Blue Island's historic Uptown business district, while expanding uses for properties in C-2 and R-1.

Section 8.9(6)c: The suitability of the property in question to the uses permitted under the existing zoning classification. The broad mix of uses identified in standard 8.9(6)a illustrates that the limits of the existing zoning does not match the limited uses presently imposed by the existing zoning classifications.

Section 8.9(6)d: Projected uses of the property, as indicated in the Comprehensive Plan. Berry stated that trends for smart growth and sustainable development call for higher-density, mixed-use development with excellent connections to transit and walkability, as found in the proposed U-TOD district. Berry also noted that the South Suburban Mayors and Managers

Association was awarded a \$2.4MM Sustainable Communities Challenge Grant from the US Department of Housing and Urban Development and have targeted Blue Island's TOD for significant investment.

Section 8.9(6)e: Projected uses of the property, as indicated in the Comprehensive Plan. Berry stated that the CMAP drafted Blue Island Comprehensive Plan includes a number of strategies that directly address the U-TOD area. These include reconfiguring Western Avenue as complete streets (addressed by landscaping regulations), consolidating commercial uses along Western Avenue (addressed by district boundaries), preserve housing mix (addressed by expanded use table), and improve implementation (addressed by approval process). Berry discussed the Comprehensive Plan's land use map in relation to proposed multi-family housing.

The Zoning Board considered the above-mentioned standards together. A motion was duly made and seconded to recommend approval of the zoning amendment.

The votes were:

Four (4) votes Aye

No (0) votes Nay

Three (3) votes Absent – Eric Frausto, Daniel Perez, Willie Scott

No (0) votes Abstain

The motion carried.

Therefore, the Zoning Board finds that the zoning amendment would be in accordance with the standards and requirements of Ordinance No. 2151.

Respectfully submitted,
ZONING BOARD OF APPEALS

4.06.1 Purpose Statement

The Uptown Transit Oriented Development (TOD) Zoning District is intended to provide for transit-supportive land use that promotes commercial, cultural, institutional, governmental, and residential uses in a compact pedestrian oriented design in accordance with the Blue Island Master Plan, or any subsequent amendment thereto, or plan for the uptown that supersedes it. The map symbol and short name for this district shall be U-TOD.

Objectives for development within the U-TOD include:

- A. Creating a streamlined development review process and clear standards to encourage development;
- B. Placement of dwellings, shops, and workplaces generally located in close proximity to each other, not separated by large expanses of parking;
- C. Well configured open spaces and landscaped streets dedicated to collective social activity, recreation and visual enjoyment;
- D. On-street parking and centralized parking facilities to collectively support principal uses in the Uptown; and civic buildings that act as landmarks, symbols, and activity centers for community identity.

Blue Island Plan for Economic Development

4.06.2 How to Use the Uptown Transit Oriented Development (U-TOD) Zoning District

- A. Review the Table of Use Regulations to determine whether your use is permitted in the U-TOD District (Section 4.06.5).
- B. Review the Application Procedures to determine the type of review that is required for your project (Section 4.06.8)
- C. Review the Land Use, Building Form and Design Regulations, and Parking Regulations (Sections 4.06.5, 4.06.6, 4.06.7) which contain specific rules for buildings, sites, and signs.

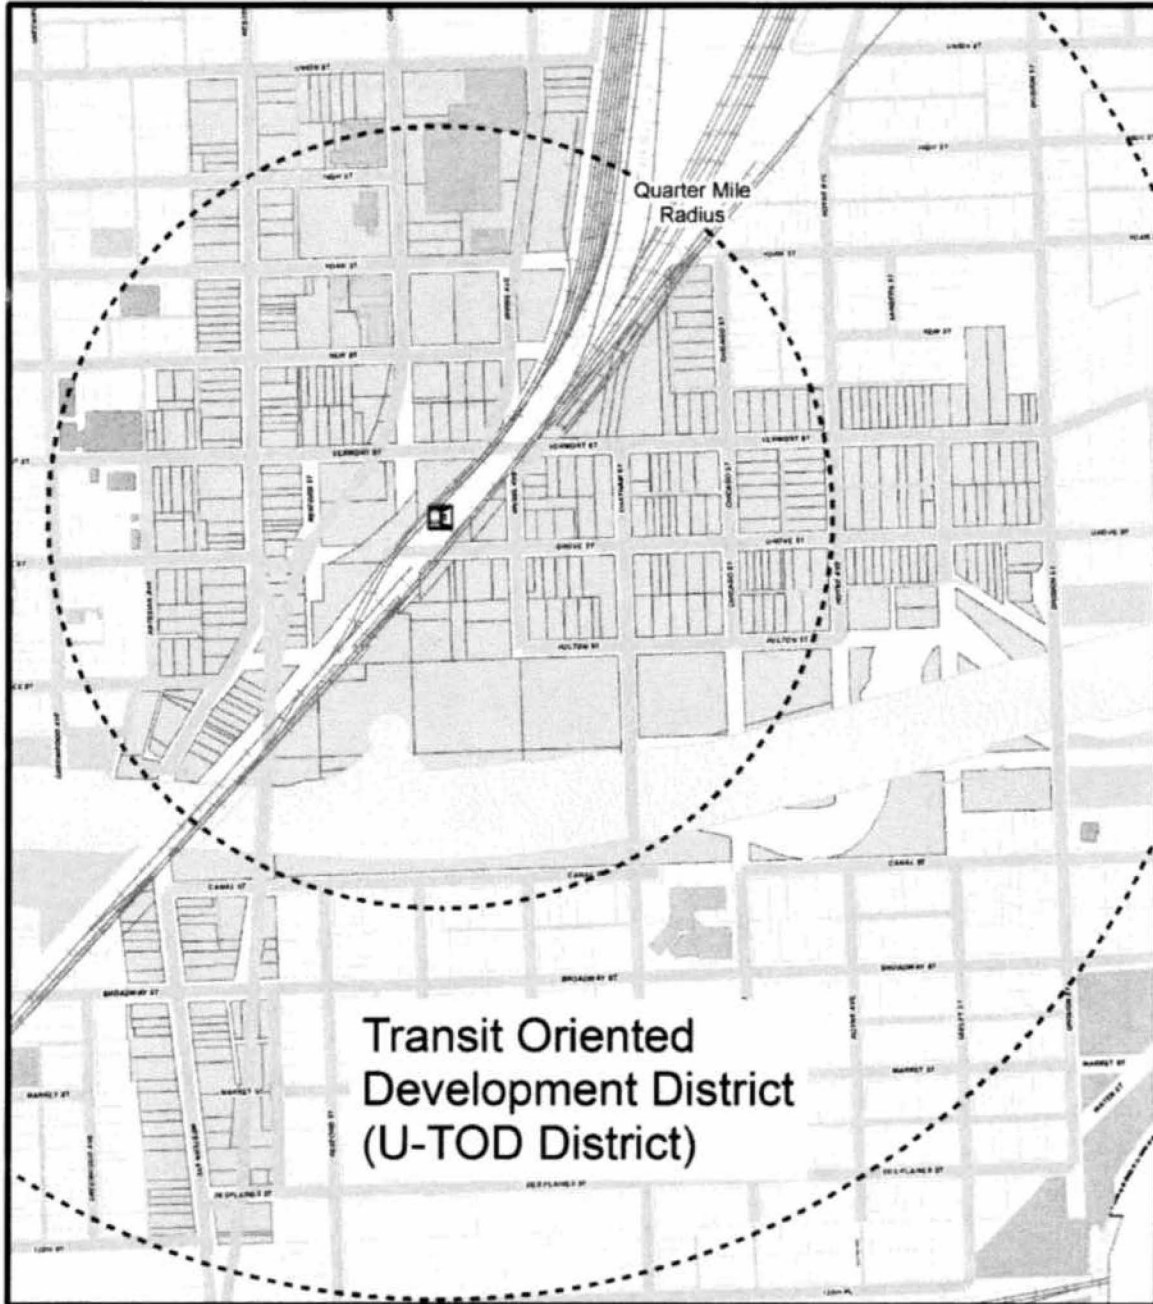

4.06.3 General Cross-reference Guide for Additional Regulations

- A. Land Use Interpretation. Reference procedures for interpretation of uses listed in Section 4.06.4.
- B. Accessory Uses. Reference permitted accessory uses in Article V, except as modified by this Chapter.
- C. Parking and Loading. Reference parking and loading requirements applicable in Article V, except as modified by this Section 4.06.
- D. Signs. Reference sign regulations in Article V, except as modified by this Section 4.06.
- E. Landscaping, Screening and Fencing. Reference requirements relating to landscaping, screening, and buffering in Article VII, except as modified by this Chapter.
- F. Nonconforming. Reference requirements relating to nonconforming uses, structures and lots in Article VI, except as modified by this Chapter.

4.06.4 General District Regulations

A. Establishment of Districts

The boundaries of the U-TOD District and lands uses for blocks or parcels shall be as described in the Blue Island Uptown Zoning District, or any subsequent amendment thereto.

Map 1. U-TOD District Boundary Map

B. General Use Regulations

1) New Uses of Old Structures.

If the use of any existing structure is hereafter changed to another use permitted in the applicable zoning district, then the new use shall comply with all regulations of this Ordinance; provided that the mere establishment of a new use does not by itself require the existing structure to conform to the lot size or other bulk regulations of this Ordinance.

2) Remodeling. If any structure is hereafter remodeled the following regulations shall be adhered to: (Also see Section 4.06.8 A. 2.)

- a) The entire structure, as remodeled, shall comply with all regulations of this Ordinance and all other applicable codes, or
- b) Any degree of non-conformance shall not be increased; and
- c) The off-street parking facilities provided for the structure shall not be reduced below (or if already less than, shall not be further reduced below) the requirements that would be applicable to a similar new structure or use within the zoning district.

3) Interpretation of Use Lists

Land uses (special or prohibited) which though not contained by name in the Table of Use Regulations (Section 4.06.05), and are deemed to be similar in nature and clearly compatible with the listed uses, may be allowed. Such approval for non-listed uses shall not be approved by the Zoning Administrator until the application for such use has been reviewed by the Plan Commission and approved by the City Council. All non-listed uses which are approved by the City Council shall be added to the Table of Use Regulations by ordinance.

4) Nonconforming Uses

- a) All existing uses within the UT-TOD zoning district are exempt from the nonconforming regulations in Article VI, with the exception of the following:
 - i) Single family homes that have been internally subdivided into two or more units.
 - ii) Residential building conversions to commercial use.
 - iii) Industrial uses.

4.06.5 Land Use Regulations

A. Table of Use Regulations

The Table of Use Regulations lists the uses allowed within zoning districts, according to the following:

- 1) All Special Uses permitted in the UT-TOD District are subject to the application procedures in Section 4.06.8 and Article VIII.
- 2) The “Use Standards” column contains references to the applicable standards that apply to the listed use type. The Use Standards are presented in Paragraph B of this Section 4.06.

B. Additional Use Standards

- 1) Bed and Breakfast Inn. A Bed and Breakfast establishment shall be operated in accordance with the following:
 - a) One parking space shall be provided for each guest room, plus the spaces required for a single family home, if occupied by the owner. Parking spaces may be stacked in a driveway to prevent the over-paving of the property.
 - b) One flood lit identification sign is permitted, not to exceed two square feet in area and 3.5 feet in height.
 - c) The only meal to be provided to guests shall be breakfast, and it shall only be served to guests taking lodging in the facility.
 - d) New construction, additions or remodeling must be in keeping with a residential character, and is subject to review by the Blue Island Historic Preservation Commission.

- 2) Outdoor Seating Associated with a Permitted Restaurant. Outdoor seating when associated with a permitted restaurant shall only be allowed in accordance with the following:

- a) Where seating is permitted adjacent on a public sidewalk, at least 5 feet of the sidewalk must remain unobstructed.

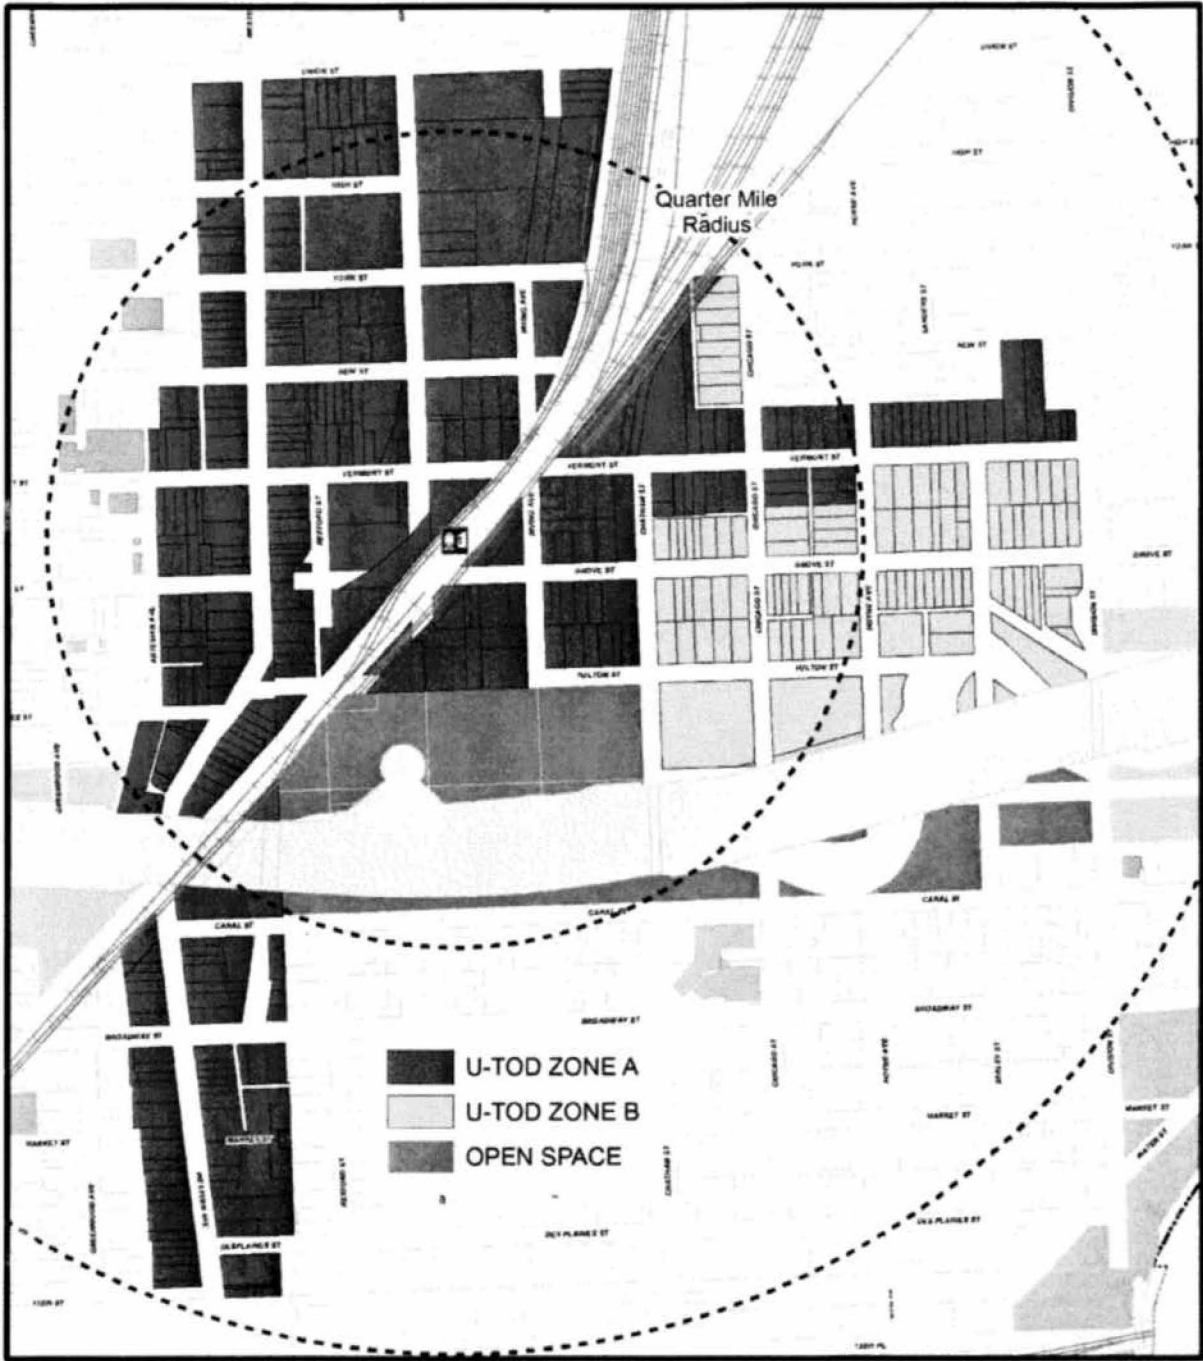

C. Land Use and Building Form Regulations

The Land Use and Building Form Regulations list standards which apply to all structures in the UT-TOD district according to the following:

- 1) Minimum Lot Size. The minimum lot size refers to the separate ground area, herein called the zoning lot, for each structure containing a Permitted Use or a Special Use (with the exception of Planned Unit Developments).
- 2) Yard Setback Requirements. All Permitted and Special Uses shall conform to the minimum and maximum yard setback requirements. For purposes of determining the side or rear yard adjacent to residential use, the adjacent property is considered to be residential where the property is located in a residential zoning district, or occupied by an existing residential use.
- 3) Gross Floor Area. The minimum gross floor area is measured from the outside of the exterior wall, including utility rooms, but excluding cellars, basements, open porches, breezeways, garages and other spaces that are not used frequently or during extended periods for living, eating or sleeping purposes, except that enclosed space intended for habitable rooms which are to be completed within a reasonable time shall be considered in computing such floor areas.
- 4) Mixed-Use Buildings. In buildings combining commercial and residential uses, residential uses are prohibited on the ground floor, except for live/work buildings. Commercial uses are permitted on the upper floors.
- 5) Channel Set-Back. All development along the Calumet-Sag Channel must provide for public access to the waterfront. A minimum Channel open space buffer zone set-back for all buildings or streets shall be sixty feet (60'), to ensure public access, and must be open to the public between the hours of 7am to 11pm.

- 6) Building Scale. To preserve the existing character of residential neighborhoods new construction or expansion of existing single-family residential uses shall not result in the consolidation of more than two existing residential lots. Commercial and multiple family buildings cannot be more than two stories taller than adjacent existing single-family homes.

4.06.6 Design Regulations

A. Applicability

Any project application requiring administrative review, site plan review or public hearing, shall be subject to the following regulations, and landscape and fencing standards contained in Article VII, except as modified below.

- 1) If any provision of this Section 4.06.6 conflicts with the requirements of Article VII "Landscape and Screening," the standards in this Section 4.06.6 shall govern.
- 2) Existing and new single-family detached residential uses are exempt from the regulations of this Section 4.06.6.

B. Building and Site Design Standards

- 1) Building Location and Orientation. For the purpose of this Section, all elevations of street facing buildings shall be considered the front. Furthermore, all elevations of a building facing the Cal-Sag Channel shall be considered the front.
 - a) Buildings must be along the streets with parking to the rear or sides.
 - b) Front doors and main entrances must face a street and be connected to the sidewalk.
 - c) Secondary entrances from parking to the rear and side are encouraged.

2) Permitted Uses in Building Setback Areas along Streets. The setback area can be expanded to accommodate the above pedestrian oriented uses if needed. Setback areas will be primarily used for landscaping and other pedestrian oriented uses including:

- a) Widened sidewalks and entranceways.
- b) Plazas, outdoor gardens, patios and outdoor seating areas.
- c) Water features, including bio-swales or other stormwater management elements.
- d) Public art or outdoor architectural features like clock towers, pergolas etc.
- e) Architectural features that help to create a stronger pedestrian scale can extend into the setback area up to ten feet (10'), including:
 - i) Canopies, marquees and other projections that create shaded and protected entrances.
 - ii) Extended roofs and eaves, and awnings and canopies over windows.
 - iii) Projecting blade signs that comply with Section 4.06.6 H.

3) Uses Not Permitted in Building Setback Areas along Streets

- a) Parking lots or structures, drive-through facilities, loading facilities or trash enclosures are not allowed within the setback area between the building facade and the street.
- b) Drive-through facilities located in the side yard must provide an enhanced landscaping buffer with pedestrian accommodation and amenities.
- c) Drop off areas or drive aisles in the setback area are strongly discouraged, and shall be allowed within the setback area with a Variance only when there are no reasonable alternatives. The following conditions shall be met if these uses are proposed in the setback area:
 - i) That these do not obstruct any direct connections between the sidewalk along the street and the entrances to the building; and
 - ii) That these are designed with special paving to appear to be extensions of the sidewalk and instead of curbs, the drive aisle is differentiated with bollards, pavers etc.

C. Architectural Style

Buildings in the Uptown TOD District of Blue Island showcase an impressive range of architectural styles from various periods over the last two centuries. This rich and eclectic collection can generally be divided into two distinct categories:

- Historic styles of the 19th century
- Modern style of the Mid-20th century

Design guidelines established in this Section acknowledge the value of both types, and that the needs and requirements of each vary. Whether designing new buildings or remodeling existing ones, the following two basic principles should be considered:

- 1) Adhere to any one style. Choose from the variety of historic, modern or contemporary styles.

A. Historic styles of the 19th century

B. Modern styles of the Mid-20th century

Fig. #.#: An eclectic street wall, where the landmark 1896 Blue Island Opera House coexist with buildings of other styles and periods.

- 2) Avoid randomly mixing historic elements with modern and contemporary features.

3) 19th Century Historic Styles

Like many Main Streets in Illinois, Blue Island's downtown streets showcase two to three story mixed use buildings with storefronts at the street level. These buildings incorporated the traditional components of Historic Storefronts, including the following:

- A. ARTICULATED CORNICE
- B. UPPER LEVEL BAND OF WINDOWS
- C. BUILDING NAME / SIGN BAND
- D. SPANDREL PANEL
- E. LARGE STREET LEVEL WINDOWS
- F. KICK PANEL
- G. ENTRANCE

- a) For historic buildings in the UT-TOD District, distinguishing original architectural features should be maintained.

- b) Deteriorated building elements should be repaired rather than replaced whenever possible.

- c) When replacement is required, new elements should match the original elements in composition, color and material.

- d) Whenever possible, secondary siding, false "add-on" facades, and other elements that cover the historic facade should be removed and the original façade repaired or restored.

- e) Repairs must adhere to the original scale, lines and proportions of the building.

- f) The addition of historic elements that are inappropriate and inconsistent with the style of a building is not permitted.

4) Mid-20th Century Modern Style

Like many Main Streets of Illinois, Downtown Blue Island changed dramatically in the mid-twentieth century as new buildings were constructed and older storefronts were modernized in appearance. New technologies in glass and aluminum promoted renovation. With new bold signs, glassy shopfronts, and windows, Main Street stores became modern.

Typical Mid-20th Century components include:

A. Sleek aluminum or steel surrounded smooth plate glass windows

B. Asymmetrical and angled storefronts and windows and recessed entries

C. Large and bold signage, often on upper level blank walls, proclaimed the name and was easily readable by a new fast-moving, driving customer-base.

D. Dramatic script with individual letters made out of stainless steel, painted sheet metal, aluminum or bronze, or in neon tubing, usually pinned to the wall or mounted to a canopy.

E. Bold and large projecting signs
When possible, existing modern 20th century storefronts should maintain these components and avoid the use of 19 century elements for any replacement or facade enhancements. Where large blank wall areas exist, the use of large, bold signs is encouraged to add color and interest to dull facades. See Large Signs on Blank Walls (Section 4.06.6.H.2.)

a) Asymmetrical and Angled Storefronts

- i) Asymmetrical display windows and recessed entries provided room for additional display and a small “exterior lobby.”
- ii) As the front wall of the storefront was opened up, straight, round, freestanding columns were exposed both within and outside the glassy storefront and became a design element on their own.

b) Facade Articulation

An articulated facade does not mean unnecessary and excessive ornamentation or applying fake architectural elements to create interest. It is an expression of the overall architectural style, the structural grid, the balance between wall and glass areas, and architectural details that adds shadow, depth and texture to the surfaces. Expanses of blank facades with no articulation are not allowed.

c) Facade Transparency

- i) Expanses of blank windowless walls are unattractive and not allowed.
- ii) For all street facing facades of nonresidential buildings, at least 35% of street level facade area must be transparent.
- iii) Upper levels are strongly encouraged to maximize window areas wherever possible.
- iv) Street level windows must allow views to the inside. Opaque spandrel panel areas are not allowed for street facing facades.
- v) Reflective or mirrored glass panels that restrict views to the interior are not allowed for storefronts.

d) Entrances and Corner Features

- i) Articulated entrances and corners are simple ways to add interest and create a strong identity for a building.
- ii) Entrances at corners are especially encouraged at street intersections.
- iii) Multiple public entrances that connect to both the front sidewalk and rear or side parking area are strongly recommended.

e) Canopies and Awnings

Awnings and canopies are shading devices used over windows and doors to reduce heat gain, and to provide shelter for pedestrians from sun and rain. With the right design and placement, awnings and canopies can add great visual interest and color to buildings while creating a protected pedestrian walkway.

i) Size and Location

1. Awnings may project up to 5' into the public right of way over a sidewalk. The valance should be a minimum of 8 feet above the sidewalk.
2. Canopies may project up to 8' maximum and not extend beyond the curb.
3. Real retractable awnings are strongly encouraged.
4. Canopies can be cantilevered or supported by poles. Supports should not interfere with pedestrian traffic and leave at least 5 feet clear sidewalk area.

ii) Wrong Use of Awnings

The primary use of awnings and canopies should be to provide shade and weather protection.

D. Awnings and canopies that are used primarily as a business sign are not allowed.

E. Awnings should be over real windows, doorways or openings. The use of awnings over fake windows and doors, or over a blank wall, is strongly discouraged.

F. Awnings that are mounted too high or project too little into the sidewalk add no shade for pedestrians or windows. These are decorative or for signage only and are not allowed.

5) Exterior Finish Materials

The City of Blue Island is committed to “High Quality Materials” in all new buildings. These are materials that are long lasting, add long term value and permanence to a building, and have high energy efficiency.

a) General Requirements for All New Structures and Existing Structures undergoing Major Reconstruction. (See Section 4.06.8 A. 2 for definition of Major Reconstruction)

- i) At least 75% of all building facades shall incorporate primary materials.
- ii) The remaining 25% may incorporate other “Accent Materials” to add texture and interest.
- iii) Other new materials that meet the characteristics of high quality materials as outlined below will be considered by the City on a case by case basis.
- iv) Environmentally friendly materials that have a high LEED rating are strongly encouraged, along with materials that have high recycled content, local availability, thermal insulation, low construction waste, and potential for reuse.

- v) The natural color of masonry materials should be retained. Painted brick or stone is not allowed for any new construction.

- b) Primary Materials (75% of building facade) Primary materials are high quality materials that are characterized by; permanence and durability, low maintenance costs and energy efficiency, and include:
 - i) Brick
 - ii) Stone
 - iii) Cast Stone
 - iv) Glass and Curtain Walls
 - v) Metal Cladding
 - vi) Copper and Stainless Steel
 - vii) Fiber Cement Siding (e.g. Hardie Board)

- c) Accent Materials (25% of building facade):
 - i) Fiber Cement Siding (e.g. Hardie Board)
 - ii) EIFS (Exterior insulation and finishing system) EIFS shall only be allowed when the application is at least 10 feet above grade
 - iii) Stucco
 - iv) Wood (not plywood)
 - v) Decorative block
 - vi) Concrete panels, smooth or textured
 - vii) Synthetic plaster
 - viii) Standing seam roof (muted tones)

- d) Prohibited Materials:
 - i) Vinyl siding
 - ii) Wood siding
 - iii) CMUs (Concrete masonry unit)
 - iv) Mirrored or reflective glass
 - v) Plywood

D. Lighting

- 1) All lighting mounted under a canopy or awning, including, but not limited to, luminaries mounted on or recessed into the lower surface of a canopy, shall be full cutoff, and shall not provide for internal illumination.

- 2) Wall lights, where used, shall be full cutoff and fully shielded.
- 3) Task focused lighting is permitted at gas stations, ATM drive-through, and similar uses as approved by the Zoning Administrator, and must include an internal louver so the light focuses directly on the task area and does not spill onto the pavement.

E. Solar Energy Systems

- 1) Solar panels shall not cover more than 60% of total roof surface of that part of pitched roofs facing a public street or within 50 feet of residential areas. This restriction shall not apply to solar shingles.

- 2) All frame and visible structural parts of a solar panel shall match the roof color. No solar panel shall be artificially lighted.
- 3) An emergency DC disconnect switch shall be provided in a location accessible outside near the electric meter to shut off the system in the event of an emergency.
- 4) Any solar panel not in service for a period of 180 days shall be removed and the property on which it is located restored to its original condition with 30 days.
- 5) The solar panels and supporting framework do not extend more than six (6) feet above the existing grade or above the roofline.

F. Wind Energy Systems

General Standards Applicable to all wind energy systems:

- 1) Sound. The wind system shall not exceed 60 dBA, as measured at the closest neighboring inhabited dwelling. The level, however, may be exceeded during short-term events such as utility outages and/or severe wind storms.
- 2) Shadow Flicker. The wind system shall be installed and operated so as not to cause a shadow flicker to fall on or in any existing residential structure.
- 3) Performance and Safety Standards. At the time of application, the applicant must present a certification from the manufacturer that the system's turbine and other components equal

or exceed the standards of one of the following national certification programs such as the: National Electrical Code (NEC), American National Standards Institute (ANSI), Underwriters Laboratories (UL), or any other small wind certification program recognized by the American Wind Energy Association. Electromagnetic Interference: system shall be designed and constructed so as not to cause radio and television interference. Wind tower systems shall be compliant with all life safety and building codes.

- 4) Removal. If the system remains nonfunctional or inoperative for a continuous period of six (6) months, the system shall be deemed to be abandoned. The system owner/operator shall remove the abandoned system at their expense. Removal of the system includes the entire structure, transmission equipment and fencing from the property excluding foundations. Non-function or lack of operation may be proven by reports from the interconnected utility. For off-grid systems the City of Blue Island shall have the right to enter the property at its sole discretion to determine if the off-grid system is generating power. Such generation may be proven by use of an AC amp meter with sustained 10 mph wind as determined by the City of Blue Island.

- 5) Small Structure Wind Energy Turbine Performance Standards
 - a) Height. The maximum height of the system shall be fifteen (15) feet above the highest point of the roofline of the structure it is mounted upon.

 - b) Diameter. The maximum diameter of the blades or rotor shall be ten (10) feet.

 - c) Visual Appearance. Finished in a single non-reflective, unobtrusive color, such as off-white, light gray, or other neutral color, or match the color of the building on which it is mounted. The appearance shall be maintained throughout the life of the unit.

 - d) Lighting. The wind system shall not be artificially lighted with accent lighting.

- 6) Small Tower Mounted Wind Energy Turbine Performance Standards
 - a) Set-back. The wind tower system shall be set back a distance equal to 110 percent (110%) of the combined height of the tower plus the length to the tip of the blade from all adjacent property lines. Additionally, no portion of the small wind energy system, including guy wire anchors, may be located within any required setback.

 - b) Clear Zone. The wind tower system shall maintain a circular clear zone that has a radius which is equivalent to 110 percent (110%) of the combined distance of the tower height plus the length to the tip of the blade. This clear zone shall be maintained free of any

occupied structures, tanks containing combustible/ flammable liquids, and above ground utility/electrical lines.

- c) Height. The height shall not exceed 35 feet.

Wind Turbine Setback from Adjacent Property Lines
Setback (S) = 110% x Height of Turbine (not to exceed 35 feet)

- d) Visual Appearance. Finished in a single non-reflective, unobtrusive color, such as off-white, light gray, or other neutral color. The appearance shall be maintained throughout the life of the unit. Only monopole towers shall be permitted.
- e) Lighting. The wind tower system shall not be artificially lighted with accent lighting. For the protection of the flight patterns of aircraft and the protection of heliports, airports and landing strips, Small Tower Mounted Wind Energy Turbine must be lighted in accordance to the regulations and guidelines of the Federal Aviation Administration (FAA) regulations or appropriate authorities.
- f) Security. Any climbing apparatus must be located at least 12 feet above the ground, and the tower must be designed to prevent climbing within the first 12 feet.
- g) Signage. No tower should have any sign, writing, or picture that may be construed as advertising.

G. Landscaping and Screening

- 1) Applicability. Landscaping, streetscaping, screening, and paving according to the standards that follow shall be required when any of the following is proposed:
- a) Expansion of existing structures or lots wherein either the gross floor area or gross lot area is expanded by 25% or more.
 - b) Change of use

- c) Change of owner
- d) Redevelopment
- e) Building addition or expansion
- f) New construction
- g) Special use or a rezoning
- h) Any improvement to a residential lot that is occupied by a nonconforming commercial or industrial use.

2) Streets and Public Rights-of-Way

- a) Streetscaping and plantings in the public rights-of-way shall be installed in accordance with the recommendations of the *Blue Island Plan for Economic Development*, as amended.
- b) Rear alleys should be provided for all residential lots.

3) Parking lots

Parking lots shall be landscaped in accordance with the requirements of the City's Landscape standards in Article VII, except as modified below:

- b) No more than 75 percent (75%) of the area of the parcel may be covered with impervious surfaces. Impervious coverage will be allowed up to 80 percent (80%) when Best Management Practices (BMP), such as porous pavements, bio-swales, rain-gardens, water recycling or green roofs are used.

4) Interior Lot Landscaping

The interior of lots shall be landscaped in accordance with the requirements of the City's landscape standards in Article VII, except as modified below:

- a) Foundation plantings are not allowed along the building frontages facing a primary commercial street. The use of planter boxes, or other landscape features, is required where it does not interfere with pedestrian access along the public walkway.

5) Screening Between Uses

Screening between incompatible uses, such as between residential and commercial uses, shall be landscaped in accordance with the requirements of the City's Landscape standards in Article VII.

H. Sign Standards

Intent. Historically, 19th Century Main Street commercial buildings showcased a large number of a variety of signs that engaged both pedestrians on the sidewalk and motorists on the street. In the Mid-Twentieth century, main street buildings continued this tradition with new technology and the advent of the Modern Style. Large and bold signage on simple modern commercial buildings became a hallmark of commercial buildings of this time.

The Sign Standards set forth in this section build on these historic precedents and strongly encourage the use of a **variety of a large number** of well-designed and appropriately scaled signs.

This approach of “**Encourage Many Good Signs**” has the following goals:

- Allow local businesses to have more visibility towards both pedestrian and car traffic
- Create a lively Main Street by adding color and interest to even the simplest buildings
- Dress up blank wall areas with creative signs
- Discourage “too little signage” that can make a building look vacant
- Encourage sign sizes that fit within the architectural scale of the building facade

TYPES OF PERMITTED SIGNS
 A. WINDOW SIGNS
 B. PROJECTING SIGNS
 C. WALL SIGNS
 D. AWNING SIGNS
 F. LARGE SIGNS AND MURALS ON BLANK WALLS

- Allow flexibility and encourage creative and unique signage with a simple review and variance process
- Preserve Old Signs of great quality that can continue to add value to the street even after a business has departed.

1) Projecting Signs

- a) Signs must be attached to building at sign band, column or wall only. Mounting hardware and supports cannot be roof mounted. Hardware must be of high quality and be part of the overall sign design.
- b) Projecting signs must provide a minimum vertical clearance of 8 feet above the sidewalk and may project up to 5' for Blade Signs and 4' for Banners into the right of way.

- c) Signs shall be consistent with the architectural style of the building. Signs should fit within the existing features of the facade and not cover elements such as windows, transoms or cornices.
- d) Blade Signs. Well scaled, projecting blade signs that have unique designs and quality craftsmanship can add great value to both historic and modern buildings.

- e) Banner Signs. Projecting banner signs mounted to the walls and vertical columns of a building can add great interest and color street facades, and add a vertical rhythm to flat walls.

2) Large Signs and Murals on Existing Blank Walls

- a) Intent. Many existing buildings still have large expanses of blank windowless walls that can be a detriment to the streetwall, and can make the buildings look dull and vacant. These blank areas, however, do provide an opportunity for unique large signs and murals that can add interest and variety to the street.

Historically, Main Streets boasted a variety of large signs, especially in the Mid-20th Century Storefronts. As upper floors often went unused, the whole facade sometimes became an advertising “billboard” for the store. Giant signage proclaimed the name and was easily readable by a new fast moving, driving customer-base.

These unique signs will be permitted by the Plan Commission on a case by case basis, after review and recommendation by the City Staff, provided the following requirements are met:

- b) Large signs and Murals are only permitted on existing buildings that already have significant expanses of blank wall areas.
- c) Blank, windowless walls are not permitted in new buildings.
- d) Existing upper level windows are not allowed to be covered with a new fake blank facade to locate large signs.

Existing large blank wall areas

Example of Large Sign with individual letters on blank wall area

Large painted signs and murals that can enliven blank wall areas

- e) Sign and mural size cannot exceed 60% of the blank wall area. Sign types include:
 - i) Painted signs and mural.
 - ii) Large Individual Letters.
- f) These have to be located on the upper floors of buildings, or the side facades facing streets or alleys. These are not allowed at the street level.

3) Sign Design Standards

a) Size

- i) Blade signs: Up to 8 sq. ft. maximum. Blade signs are limited to one per storefront.
- ii) Banner signs: Up to 12 sq. ft. maximum and may not project above the building façade. Banner signs are limited to one per storefront.
- iii) Wall signs: 1 sq. ft. of sign for each lineal foot of the primary building façade.
- iv) Window signs: 25% of the total glass area of the commercial or storefront window.

b) Lettering

- i) Signs should be simple and have a direct message. Lettering shall be consistent and harmonious with the architecture of the building and its surroundings.
- ii) Lettering shall be proportional to the relative size of the sign area; and sign lettering shall be of a professional quality.

c) Materials and Color

- i) Sign colors, shapes, materials and sizes should reinforce the overall composition of the facade.
- ii) Materials shall be in keeping with the architecture of the building and shall conform to all applicable building codes.
- iii) The following materials shall be prohibited:
 1. Florescent materials (excluding lighting) and paints.
 2. Paper products as a permanent sign (paper, cardboard, poster board, and construction paper).

3. Cloth, plastic, tybeck, and vinyl materials affixed to a building as a permanent sign.

d) Lighting

- i) Internally lit signs may be permitted only if approved by the Plan Commission and consistent with the historic character of Uptown Blue Island and the sign guidelines in this Section 4.06.6.
- ii) The use of gooseneck lighting and signs lit by flood lights is encouraged
- iii) Only the illumination of the cut-out letters of internally illuminated wall or projecting signs is permitted.
- iv) Signs may be backlit or illuminated by spot lights; however, all light sources shall be located or shielded to ensure that the light source is not visible to the public from the sidewalk, street, or adjacent property to prevent glare.
- v) The use of neon lighting as an accent is permitted for projecting, window and wall signs in the U-TOD District, subject to the following:
 1. Neon lighting shall be used as an accent material on projecting and wall signs, such as for letters, logos and/or sign details. No projecting, window or wall sign may be entirely illuminated with neon.
 2. Neon lighting on projecting and wall signs shall not be illuminated during the daylight hours. When lit, neon lighting must be continuously illuminated. Flashing neon is prohibited.
 3. Neon lighting on projecting and wall signs shall not be combined with any reflective materials (e.g., mirrors, polished metal, highly-glazed tiles, or other similar materials) that would cause glare and increase the spread of light.
 4. Neon lighting to outline buildings or building elements, such as doors and windows, is prohibited.

4) Prohibited Signs

- a) Flashing signs.
- b) Pennant signs.
- c) Festoon lighting.
- d) Roof signs.
- e) Beacons.
- f) Changeable copy signs.

- g) Portable signs.
- h) Electronic or LED message boards.
- i) Internally illuminated signs: plastic box wall and projecting signs, and awning signs.

5) Preservation of Old Signs

Great signs can become an important part of a street’s identity and heritage. The Zoning Administrator shall determine if certain signs qualify for preservation and can remain after the business has closed. Businesses and building owners shall contact the City prior to the removal of a sign to determine if the sign will qualify for preservation.

6) Temporary Signs and Displays

- a) Temporary window signs and window displays can be used to dress up vacant buildings and storefronts. Creative signage/ artwork display can make a vacant storefront look occupied.
- b) Temporary signs and attention-getting devices, such as banners, pennants, valances, decorating lighting, or advertising display constructed of cloth, canvas, light, fabric, cardboard, wall board or other light materials may be permitted for promoting special community activities, special promotional sales, special events, or activities subject to the following provisions:
 - i) Seasonal (Holiday) signs and decorative Lighting;
 - ii) Winter holiday signs and decorative lighting;
 - iii) Special sale signs;
 - iv) Special event signs;
 - v) Real Estate and construction signs

7) Nonconforming Sign

- a) Pre-existing nonconforming signs shall be replaced within five years. To encourage property owners to replace non-conforming signs, the following incentives shall apply:
 - i) For signs that are replaced within two years of the effective date of this ordinance, the City shall waive all fees associated with the establishment or erection of signs.
 - ii) All non-conforming signs shall be removed and may be replaced with a conforming sign when:
 1. There is a change in use.
 2. There is a change in the name of the business.
 3. The sign is replaced for any reason.
 4. Repair of the sign exceeds 50% of more of the value of the sign.

4.06.7 Parking Regulations

A. Applicability

Any project application requiring administrative review, site plan review or public hearing, shall provide automobile and bicycle parking in off-street facilities in accordance with the minimum parking standards contained in Section 5.8 of the Blue Island Zoning Ordinance, except as modified below.

- 1) If any provision of this Section 4.06.6 conflicts with the requirements of Section 5.8 “Off-Street Parking and Loading Facilities,” the standards in this Section 4.06.6 shall govern.

B. Adaptive Reuse of Buildings

- 1) Adaptive reuse of buildings, including remodeling and expansions up to 20 percent (20%), shall be exempt from parking requirements, but must maintain existing parking.

C. Off-Street Parking Lot/Space Location

- 1) Parking lots and off-street parking spaces shall comply with the locational and setback standards for each type of building form as provided in Section 4.06.5 C “Land Use and Building Form Regulations.”
- 2) Residential Parking:
 - a) Required parking for residential uses is not allowed in the front and side yard setback areas.
 - b) Guest parking shall be required for multiple family residential uses at .25 spaces per dwelling unit.
 - c) Required guest parking for multiple family residential uses must be located on-site, or in designated owned or leased spaces off-site. On-street parking spaces can be counted to satisfying this requirement if a parking study indicates a surplus of available on-street parking within two blocks of the residential use.

D. Parking Structures

- 1) Parking structures shall be located and designed to minimize their impact on public streets and public spaces. A parking structure on an arterial commercial street shall provide for ground floor commercial space along the primary commercial street frontage.

Parking Structures
On Primary Commercial Streets

☒ Parking Levels Located Above Ground Floor Commercial Uses

☒ Ground Floor Commercial

Note:
Parking structure access doors are not permitted on primary commercial streets.

- 2) Access doors for parking structures cannot be located on arterial commercial streets.

E. Automobile Access

- 1) Curb-Cuts Prohibited. In order to minimize the disruption of pedestrian and bike pathways along streets, and to provide for the primacy of pedestrians within the UT-TOD district, curb-cuts along arterial streets shall be prohibited. Secondary streets may have curb-cuts to serve shared parking lots and parking garages only.

- 2) Required Shared Access. When parking lots adjoin each other, vehicular access shall be provided between parking areas via drive aisles and easements from neighboring properties.

- 3) Sidewalks. Sidewalks must be constructed continuously across all driveways. Pedestrian should not be forced to change grade along a sidewalk to accommodate a driveway.

F. Lighting. Lighting must be controlled in height, intensity and design to create the desired "traditional" character of the Uptown District.

- 1) Glare. Light fixtures shall not produce glare on adjacent residential properties. To achieve this, luminaires shall be shielded to prevent light shining beyond the lot lines onto neighboring properties.

- 2) Fixtures Design. Lighting fixtures in parking lots must comply with the following standards:

- a) Where business uses and off-street parking lots abut residential uses, light fixtures shall not exceed twelve feet (12') in height.

- b) Full cutoff luminaires with a total cutoff angle of not more than ninety degrees (90°) shall be used.
- c) Flat lenses are required for all lighting fixtures.

4.06.8 Application Procedures

A. Applicability

- 1) New Construction. All construction of new structures within the UT-TOD District shall be approved in accordance with the provisions of this Section 4.06 of this Zoning Ordinance.
 - a) Single-family residences are exempt from the regulations and standards of this Section 4.06.
- 2) Major Reconstruction and Minor Remodeling
 - a) Major Reconstruction. The reconstruction or addition to any existing structure that meets one or more of the criteria below is considered a major reconstruction and shall be subject to the requirements of this Section 4.06. Major reconstruction is a project that results in:
 - i) A change in the height of the structure that is greater than five feet (5'); or
 - ii) A change in the footprint of the building greater than 10 percent (10%); or
 - iii) A change in the materials used on the elevations, exceeding 25 percent (25%); or
 - iv) A change in the site layout (e.g. a reconfiguration of parking; a reduction in the amount or change in the type or extent of landscaping exceeding 25 percent (25%) of the existing landscaped areas; or
 - v) The addition of a new land use that would increase the amount of parking.
 - b) Minor Remodeling. The remodeling or minor improvement to any existing structure that does not meet one or more of the criteria for major reconstruction as defined above, shall not be subject to the requirements of this Section 4.06. Minor remodeling or improvements may include, but is not limited to interior renovations; re-painting of exterior or interior, re-roofing of structure, or other work undertaken to maintain the structure in good repair (e.g. replacement of gutters, tuck pointing); and changes to the exterior that do not alter the character or bulk of the structure.

- i) The addition of additional dwelling units as result of a rehabilitation of an existing interior space that does not increase the size of the building floor area shall be considered a minor remodeling.

B. How to Obtain Project Approval. The intent of the City is to reward those projects that meet the intent of the *Blue Island Plan for Economic Development*, and all the requirements of the Section 4.06, with an expedited review and approval process.

- 1) Pre-application Conference. Prior to the official submission of any application, the applicant shall meet with the Zoning Administrator or her/his designee for a preliminary review of:
 - a) The scope and nature of the proposed improvement;
 - b) The types of building forms and uses proposed; and
 - c) Any site or façade improvements proposed.

The applicant shall be prepared to present conceptual plans, sketches or any other information necessary to explain the proposed improvements, including any specific requests to deviate from the standards of this Ordinance. The Zoning Administrator or her/his designee will provide general information and direction relative to the long-range goals of the *Blue Island Plan for Economic Development* and the regulations in this Section 4.06. The Zoning Administrator will provide direction on the applications, reviews, and meetings that will be required to obtain approval.

- 2) Administrative Review and Approval. Review of permitted uses and minor changes to existing structures or sites only require administrative review and approval by the Zoning Administrator.
 - a) Administrative approvals may comprise of reviews from City staff, including Community Development Department, Building Department, Public Works and Engineering, and Police Department, and the City's consultants. All administrative reviews and approvals will require an application be submitted to the Zoning Administrator.
 - b) The Zoning Administrator may require an improvement that qualifies for administrative review to go through site plan review if the application does not comply with the standards herein, or if the Zoning Administrator determines that the scope of the project exceed his/her administrative authority.
- 3) Site Plan/Design Review by Plan Commission. Review of permitted uses and major changes to existing structures or sites require review and approval by the Plan Commission, without further review by the City Council.

- 4) Plan Commission and City Council Review and Approval. The Plan Commission or Zoning Board of Appeals and City Council shall review all applications that involve a change in zoning, special use, variation, require a subdivision, and all Planned Development applications, and any other application requiring a public hearing before the Plan Commission, Zoning Board of Appeals, and/or City Council.

C. Information that Must be Submitted for Approval

- 1) Administrative Review. For those projects requiring only administrative review the following information is required to be submitted to the Zoning Administrator:
 - a) Site Plan Review Application
 - b) Conceptual Site Plan
 - c) Plat of Survey
 - d) Preliminary architectural sketch drawings, if applicable
 - e) Any other information as deemed necessary by the Zoning Administrator

- 2) Site Plan Review. For those projects requiring site plan review the following information is required to be submitted to the Zoning Administrator:
 - a) All information as required for administrative review
 - b) Detailed Site Plan with topography
 - c) Landscape Plan
 - d) Engineering plans – utilities and stormwater management
 - e) Photometric and lighting plans, including fixture cut-sheets
 - f) Architectural plan and elevation drawings, indicating materials and colors
 - g) Color renderings
 - h) Sign plan
 - i) Any other information as deemed necessary by the Zoning Administrator

- 3) Special Use, Variation, Zoning Amendments, and Subdivision Review. For those projects requiring public hearings and review by the Plan Commission, Zoning Board of Appeals, and City Council, the procedures and submittal requirements shall be as provided in Article VIII, and the City Subdivision Code.

Nature of Request: Rezoning the South Station Residential District, Hospital District and Main Street Commercial Area, and the South Main Street Area as included in the Blue Island Plan for Economic Development, and Rezoning the Olde Western Historic District.

There being Eight (8) Affirmative Votes, Mayor Peloquin declared the motion carried.

Mayor Peloquin is requesting permission to go before the Zoning Board and ask them to adopt part of the new zoning code in regards to the TOD area around the hospital, Western Avenue, Olde Western Avenue and the train station.

Motion by Ald. Janko, second by Ald. Vieyra to approve.

On the Question: Ald. Patoska asked if TIF 5 set in stone.

The Mayor stated this has nothing to do with zoning.

Upon a vote, the Mayor declared the motion carried.

QUESTIONS TO THE MAYOR

Ald. Vargas asked if the Mayor had any response from Metra for the clean up from 119th Street to the Cal Sag

The Mayor stated he was told they would be on it right away.

Ald. Frausto asked what the status is with the agreement with Mother of Sorrows.

The Mayor stated he would appreciate if Council would authorize him to allow the Building Department to bring them in front of the Zoning Board. The original proposal for the property is not what they are doing. They are currently housing individuals who are coming through the prison release program, which was not apart of the original concept. The training program that was said to happen is not in place and the changes they have made has taken it out of the scope of where they are at. It is very likely that if they go in front of the Zoning Board, that they would shut that property down.

Ald. Janko asked if the attended use is not what the City authorized them to do, why can't the City go in now and shut them down.

Mayor Peloquin stated to be perfectly honest, the City is trying to work with the Nuns with all the investments they made.

80% of them return to redeem item back. 56% of customers are buyers. Discussion of pawn shop growth and outlook. Question and comment was heard from Mr. C. Bilotto. All these loans are collateralized loans. Hours 9-7 M-F, 9-6 on Sat. If Sunday, only 10-2/4.

Mr. Berry explained need for text change but that any subsequent applications would have to apply and go through same due process. Q. from Com. Tate—could city be asked to create a license (and class) for pawn shops? Mr. B.: yes, but there are protective categories and processes. Com. Fahrenwald spoke for reasonable controls on future requests, supported by Com Tate. Re site: it needs some TLC, what upgrades? Mr. Morales: we usually invest about \$300,000 on interior and exterior of shop space. Com. Fahrenwald read from Comm. Dev. Dept staff report on situations. Mr. Morales: we are leasing so would have to work with owner, although our investment will be limited to our end of site, not the whole site. Com. Tate what about pole sign? Mr. Berry and Mr. Morales: It will stay the same size, just a panel changes. Window signs? Mr. Morales: no lights, probably vinyl life-style posters aprox. 25% of window. We want people to be able to see in. Com. Fahrenwald: what about legal record? Mr. Goldin: Legal record may be checked with State regulators, but you will see that it is very clean and good. Mr. Morales: stolen property and other legal claims are bad for business. Eyes on shared public space are welcome. Landscape improvements strongly encouraged. Terms of lease: 5 year + 2 renewals to 15 years.

Motion to recommend approval to Zoning Board with staff recommendations and approval for text amendment and special use—was tabled to next meeting on April 4th. Several Commissioners' requested more time for due diligence research. Other stores in area that may be visited are listed in back of booklet. Com. Szczyпка also wants to see and review more research or 3rd party reports on economics and trends in pawn shop history and development.

2. City of Blue Island.

Zoning Text and Map Amendment for Uptown-TOD zoning district.

Com. Tate moved, supported by Com. Hill to approve Uptown TOD and Landscaping and Screening additions and amendments to the Zoning Code, conditioned upon addressing of Plan Commission comments. Carried 4-0.

ADJOURNMENT

There being no further business before the Plan Commission, the meeting was adjourned at 8:00 pm. Motion by Com. Hill, supported by Com. Tate.

Respectfully submitted,
Perry Recker

PETITION TO THE CITY COUNCIL OF THE CITY OF BLUE
ISLAND TO RECONSIDER ITS DENIAL OF SPECIAL USE
ZONING FOR THE BUILDING AND REAL ESTATE AT 2417
YORK STREET, BLUE ISLAND, ILLINOIS, OWNED BY ORLU
ZONAL ASSEMBLY OF CHICAGO AND ENVIRONS (OZAC)

On April 10, 2012, the City Council of the City of Blue Island voted to deny Special Use Zoning for the building and real estate at 2417 York Street, Blue Island, Illinois. This petition is a plea that the City Council reconsider its vote of April 10, 2012 and in the future vote to grant Special Use Zoning to Orlu Zonal Assembly of Chicago and Environs' (OZAC's) building and real estate at 2417 York Street, Blue Island, Illinois. In order to obtain proper zoning, OZAC is willing to restrict the use of its meeting hall to its members.

OZAC was incorporated in 1993 in Illinois to care for the needs of its members. Exhibit A is a copy from the Illinois Secretary of State's web site showing that OZAC's registration as an Illinois Corporation is in force for the year 2012; and it also shows that OZAC's old corporation name was Orlu Social and Educational Club, Chicago and Environs (OSEC). OZAC ended its long search for a meeting place of its own by purchasing the building and real estate at 2417 York Street, Blue Island, Illinois. A copy of the recorded deed, dated June 24, 2011, showing OZAC's ownership is attached as Exhibit B.

OZAC is a fraternal organization similar to the Benevolent Protective Order of Elks (Elks). Membership is drawn from the Igbo People (a tribal group) who lived in the Orlu Senatorial District in Imo State, a state in the southeast of Nigeria, plus their spouses, and their descendants. At its founding on September 8, 1991, OZAC used its old name of OSEC. Attached as Exhibit C are the OSEC Constitution and OSEC Articles of Bylaws which are now the OZAC Constitution and the OZAC Articles of Bylaws. OZAC is a not-for-profit and non-political organization. OZAC's objectives are:

1. To clearly protect, enhance and foster the identity of the Orlu people in particular and Igbos in general.
2. To promote unity and progress among its members and to assist them in times of need.
3. To encourage members to participate in the economic and cultural activities which are aimed at bringing about positive social changes that are adequately responsive to the needs of the Orlu people in general.
4. To assist members to obtain employment, business contact or any assistance aimed toward positive human advancement.

Information concerning OZAC's officers and pertinent committee members is set forth on the next page. The information includes the officers/members college degrees and present employment. The information is not set forth to show how smart the officers/members are, but rather to indicate that the officers/members are a serious, thoughtful, responsible group who will make their meeting place at 2417 York Street, Blue Island, a useful and valuable part of the City of Blue Island Community.

Dr. Boniface Onyejiaka OZAC Member	B Pharmacy; M Business Administration; D Pharmacy; Also Authorized Nuclear Pharmacist Quality Control in Pharmaceutical Company
Dr. Ihuoma Ofoma OZAC Member	D Medicine Anaesthetist in Evanston, IL Hospital

As stated above, OZAC is a fraternal organization, similar to the Elks. If you look at the attached Exhibit C, which sets forth the OZAC Constitution and the OZAC Articles of Bylaws, you will see that OZAC provides for some of the needs of its members and also rewards its members for some of their accomplishments. For the benefit of its members, OZAC has long sought a meeting place. The prime reason for acquiring 2417 York Street was for its use as a meeting place for OZAC. Use as a banquet hall for the general public was a secondary consideration. In order to obtain special Use Zoning, OZAC is willing to give up its application for use as a banquet hall, and, instead, only apply for use as a meeting place for OZAC and its members. Since buying the building at 2417 York, OZAC has spent considerable sums in rehabbing the building. If the City Council continues to deny OZAC zoning, OZAC may have to abandon the building's use. Selling the building, in light of the depressed real estate market and in light a denial of special use by the City Council, will be difficult. A vacant building in a municipality is not a good thing.

OZAC's continued presence in the City of Blue Island will have some advantages for the City: As not-for-profit organization, OZAC has to pay real estate taxes. Members who come to OZAC meetings and OZAC social events will have the opportunity to patronize the City's merchants and restaurants. As shown by the occupations of OZAC's officers and members on page 2, OZAC's officers and members would appear to have the disposable income to benefit the City's merchants and restaurants. And, in benefitting the City's merchants and restaurants, OZAC's officers and members would also benefit the City by paying sales tax.

Many of the officers and members of OZAC have heard about the problems with the unfortunate social gatherings in recent years of the general public in and around the Sierra Leone Banquet Hall, in and around St. Benedict Catholic Church and in and around 2417 York Street under the previous owner, OK Maguey. Unlike the former uses of the Sierra Leone Banquet Hall, of St. Benedict Catholic Church and of 2417 York Street under the previous owner, OK Maguey, the use of OZAC's meeting place will not be a nuisance. Realizing the Council's concerns, OZAC reapplies for Special Use Zoning approval with the understanding that OZAC will not rent to the general public. OZAC will confine its activities to those of its members.

OZAC asks that in granting Special Use Zoning to OZAC, the City Council allow OZAC to partner with educational institutions such as Moraine Valley Community College, Palos Hills, IL, and with health providers such as Metro South Hospital, Blue Island, IL, concerning the use of OZAC's meeting place for educational and public health purposes.

This petition is a plea that the City Council reconsider its vote of April 10, 2012 and in the future vote to grant Special Use Zoning to Orlu Zonal Assembly of Chicago and Environs' building and real estate at 2417 York Street, Blue Island, Illinois.

VALENTINE OGUIKE, VP OZAC.

This petition was prepared by George Harding Gordon, Jr., 1231 North Ashland Ave., Chicago, Illinois 60642-8680; Telephone (773) 772-8984

P.S.: Exhibit D is a letter of reference, dated April 21, 2012, from Corpus Christi Church in Chicago, IL concerning OZAC. This letter states that OZAC held its meetings and parties in the Church's Social Hall the past 2 years with upmost respect for the Church facilities and for the neighborhood.

**THE CONSTITUTION OF ORLU SOCIAL &
EDUCATIONAL CLUB OF CHICAGO AND
ENVIRONS, U. S. A.**

ARTICLE 1

Definitions

Section 1. The definition of Orlu Social & Educational Club (OSEC):

Definition i. The OSEC of Chicago & Environs, founded on the 8th day of September, 1991 in the City of Chicago, Illinois and distinguished by Orlu Senatorial District, shall be called Orlu Social & Educational Club of Chicago and Environs, and shall remain a part of the Igbo People universally.

Definition ii. The OSEC of Chicago shall remain a non-profit and non-political organization and shall strictly adhere to the required order in the rules and regulations of its charter, and shall maintain a position of non-interference in the United States partisan politics or controversial issues that may be detrimental to her government.

Definition iii. The OSEC of Chicago shall comprise duly registered Orlu people of Igboland of Nigeria, whether born in Igboland or elsewhere in the world. Mixed marriages and formal naturalization shall automatically authenticate the Igbo Orlu status of interested, duly registered foreigners.

ARTICLE 2

Objective of the Club

The objectives of this Club shall be:

- 1. To clearly protect, enhance and foster the identity of the Orlu people in particular and Igbos in general.*
- 2. To promote unity and progress among its members and to assist them in times of need.*
- 3. To encourage members to participate in the economic and cultural activities which are aimed at bringing about positive social changes that are adequately responsive to the needs of Orlu people in general.*
- 4. To assist members to obtain employment, business contract or any assistance aimed towards positive human advancement.*

ARTICLE 3

Membership

Section 1. Duly registered members, in addition to fulfilling the conditions for Orlu status, as are stated in Article 1, Definition iii, shall also be required to

accept this Constitution and the constitutionally elected officers officiating at the time of his/her registration, and thereafter.

Section 2a. Full Membership as referenced in Article 3 Section 3 shall be open to all Orlu people of age (18 years and above).

b. Associate Member:

Definition: An Associate member is one who does not fit the definition of a full member.

Qualification: An Associate member must be a bona fide Orlu person by birth, marriage or naturalization. In addition, he or she must have a strong transparent interest, and no mixed or hidden values in the people and the affairs of the Club.

Obligations: An Associate member is bound equally by the laws, rules and regulations of the Club. He or she is also entitled to all the rights, benefits and responsibilities of a full member of the Club except as thus stated:

"If and when the Club decides to invest its resources in our home Country, State, Local Governments or Communities, the Club shall not and will not invest in the local areas of any and all associate members".

Notwithstanding the above provisions, however, all Associate members shall have equal access as full members to any such facilities invested in or developed by the Club.

Section 3. Members as described in Section 1 and 2a & 2b may vote, hold office and participate in the activities of the Club.

Section 4 Membership Screening:

Every potential member will be required to read the Constitution of the Club and sign that he/she agrees to abide by its contents. This record shall be filed with his/her records after membership has been granted.

ARTICLE 4

Dues

Section 1. The Club shall establish dues, levies and membership fees for the purpose of performing its functions and carrying out its various activities.

Section 2. The failure of a member to pay dues on or before the due date shall result in penalty. Failure to pay dues and penalty shall result in the termination of membership after three (3) consecutive meetings, unless otherwise exempted by the Club under circumstances that it may find fit or cogent enough to meet a waiver. All dues are non-refundable.

Section 3. Re-instatement of terminated members.

Members who have lost their membership for non-payment of dues as above or due to long absence from Chicago area (including job transfer and overseas assignment or relocation anywhere in the world, for any reason) shall have their membership re-instated on request by paying all arrears of annual dues incurred since the last time they paid their annual dues. They shall not, however, be obligated to pay arrears of any levies handed down to the members during the period their memberships were terminated as described above.

Members whose memberships were terminated by joint actions of the Club, however, can only be re-instated by formal re-application and re-consideration, as is done with potential new members. These terminations are those handed down by the Club to members who have repeatedly and consistently broken the rules and regulations outlined in the Club's Constitution and By-laws, and whose continued memberships in the Club are deemed inimical to the smooth running of the Club and its ability to achieve its goals and objectives.

Notwithstanding the formal application for re-instatement of such membership, the Club shall not be obligated to grant same.

ARTICLE 5A

Officers

Section 1. The officers of the Club shall be comprised of the following:

The Board of Directors, the President, Vice President, Secretary, Vice Secretary, Treasurer, Financial Secretary, Publicity Secretary, and the Whip; all of whom shall be members of the Club in good standing.

Section 2. All officers shall serve two years in office, except the Board of Directors, some of whom may serve for four years, as discussed later in this Section. Elections shall be held biannually and shall take place during the third meeting of the election year, typically in July or September. Only members in good financial standing are eligible to run for office. A letter shall be sent to all members detailing their financial status with the Club, at least three (3) meetings prior to the election day – to give everyone the opportunity to be financially up to date and eligible to run for office.

The President shall be elected from a pool of nominees during general election. The nominee with the highest number of votes becomes the President. The same procedure shall be applicable to all members of the Board of Directors. Only the President and the Board of Directors shall be elected from a pool of nominees during general elections. The election of the President shall be held biannually. During this time, the President shall select his/her key officers, subject to approval by the general membership. These key officers are the following:

The Vice President, the Secretary, the Treasurer, the Financial Secretary. The other officers described in Article B. shall be added at a later time.

A duly elected President of the Club can only serve for two consecutive terms of two years each (maximum of four years in a row). Thereafter, he/she becomes ineligible to run for the office of the President until the expiration of at least one other, subsequent, administration (meaning at

least two years after he/she left office). Once this period of ineligibility is fully satisfied, this individual can once again run for the office of the President (if still interested). If he/she is re-elected to a third, non-consecutive term, the same rule of ineligibility kicks in after the next two consecutive terms, and will continue in this repeating pattern, to perpetuity. During this period of ineligibility, however, such and ex-President can, at the discretion of the general membership, be appointed to one of many key advisory roles within the Club which will tap into his/her experience and service record – for the good of the Club.

There shall be five (5) members of the Board of Directors, selected from a pool of nominees. The five top vote getters will automatically become the five (5) members of the Board of Directors, with the highest two (2) vote getters becoming members for four (4) years while the remaining three (3) will hold office for (2) years only. Thereafter, all Board Directors will serve for four years, which is one term – even though their numbers, every two years, will continue to alternate between three and two, as their terms run out. No Board Director shall serve more than two terms. The idea is to have continuity in membership of the Board of Directors – not having all new members at one time except during the initial launching of the Club (in 1991).

ARTICLE 5B

Offices, Descriptions and Limitations of Responsibilities

Section 1. The President shall preside at all meetings.

Section 2. The President shall appoint the members of all committees, subject to approval by a simple majority.

Section 3. The President shall be the chief executive officer of the Club and, in that capacity, shall exercise the authority necessary and proper to this office unless limited by the membership. He shall have the right to summon an emergency meeting or take contingency measures when absolutely necessary either for refreshing his memory or for the efficient discharge of his responsibilities.

Section 4. The President shall have the right to call for any specific or collection of Club documents whenever necessary, either for refreshing his memory or for the efficient discharge of his responsibilities.

Section 5. The Vice President shall perform such duties as shall from time to time be prescribed by the President. He shall assume the duties and responsibilities of the President in the absence of the latter.

Section 6. The members present in any meeting of the Club shall, in the absence of both the President and Vice President, elect a presiding officer for that meeting.

Section 7a. The Secretary shall keep minutes of the meeting, have Custody of the Club and render such other reports or duties as he or she may, from time to time, be called upon to perform, either by the President or members.

7b. The vice Secretary will assist the Secretary.

Section 8. The Treasurer shall have custody of funds and see that they are deposited in such banks or trust companies as the Club may direct. The Treasurer shall regularly enter into the books a full and accurate account of all monies received, reimbursed or disbursed by the Club, together with such other amounts and records as may be required; and shall render such other reports as he or she may, from time to time, be called upon to produce by either the President or the members.

Section 9. The Financial Secretary shall receive and take care of all monetary affairs of the Club including, but not limited to, recording of dues, levies, fee, penalties assessed or dues payable by each member of the Club. He or she shall be required to regularly confer with the treasurer for the purpose of accurately rendering and updating all financial transaction and shall be subject to rules and regulations governing such matters.

Section 10. The Publicity Secretary shall in all cases be responsible for distributing notices of all meetings, including the times and places of such meetings. He shall also be responsible for all media contacts and shall be the chief liaison officer between the Club and other community-based cultural and nonprofit organizations. All information such as press releases must be cleared by the President, Vice President and the Secretary. He or she

shall work closely with the Club Secretary in achieving effective public relations.

Section 11. The Whip shall be the Club's marshall and shall be responsible for maintaining order during all meetings. He shall assist in distribution of copies of minutes and other printed materials as well as grant recognition to individuals for expression of opinions. He shall bring to book, names of individuals with their associated acts of misconduct or tardiness, for the appropriate fines.

Section 12. The Club may have a special advisor whose field of education, experience and versatility of knowledge shall qualify him or her to be well situated to advise the officers (either individually or collectively) and the entire Club in general, on matters and decisions affecting the Club. Though the position shall be purely advisory, he or she may or may not be a member of the Club.

Section 13. Function of Board of Directors:

(a) The Board of Directors shall oversee the policies of the Club and the activities of the President and his cabinet.

(b) Impeachment of the President:

In the event of the impeachment of the President, the Board of Directors shall have advisory role to the general membership. The impeachment

process can be initiated by any member(s). The motion from any member(s) for impeachment shall be submitted in writing to the Board of Directors for review and recommendation. The recommendation by the Board of Directors shall be voted on by the general membership.

Impeachable offences include general acts of subversion against the Club, proven acts of embezzlement of Club funds, using the name of the Club for personal gains (for example: credit cards and other lines of credit) as well as general misrepresentation of the Club and its interest.

Section 14. All officers and duly appointed functionary committees shall be accountable to the President of the Club.

Section 15. The specific powers, duties, responsibilities and functions of officers outlined in Article 5 are illustrative and by no means exclusive or exhaustive.

Section 16. No release shall be given to any official upon departing office. All officials shall be accountable for all their activities during their term of office and can be called upon to testify at any time. The signatories to our account and assets shall relinquish their signature authorities to our accounts and assets within 60 days of leaving office.

ARTICLE 6

Recalls or Termination

Section 1. The Club has the right to terminate any member, or an officer from his/her term of office, for any reason or purpose deemed sufficient by a simple majority vote of the members present. Meetings held for this purpose can be specially called and may include an election to fill a resulting vacancy (in the case of an elected official) for the unexpired term of the recalled officer(s). Causes for such dismissals or termination may be found in the Club's Bylaws.

ARTICLE 7

Functionary Committees

Section 1. There shall be an Executive Committee comprising the President, Vice President, Secretary, Vice Secretary, Treasurer, Financial Secretary, Publicity Secretary, Whip and Special Advisor. Their duties shall be to meet regularly to discuss and decide on matters and issues of concern to the Club.

Section 2a. The Orlu Social and Educational Club of Chicago and Environs shall keep a Finance Committee whose responsibility shall be to review and recommend to the Executive Committee, ways and means of raising money.

b. Proposals that will involve expenditures, subject to procedures outlined in the sections titled "Policies and Procedures," must be reviewed by the Finance Committee before actions can be taken.

- c. The Finance committee shall be charged with the responsibility of investigating, reviewing and determining possible investment opportunities.*

- d. The Finance Committee shall comprise the Treasurer, the Financial Secretary and three others appointed by the Executive Committee.*

- e. The three to be appointed must have a verifiable background in finance, accounting or business and must obtain a 51% vote of a duly constituted general meeting. If the nominees fail to receive the voting mark, further nomination shall be left to the floor.*

- f. The Finance Committee shall be charged with the responsibility to periodically audit the Club's books; the audit report shall be first submitted to the Executive Committee, who shall in turn submit them to the general assembly. However, a full and mandatory audit of the Club's books must be completed and ratified biannually, just ahead of the change of Administration. Under no circumstances shall the existing Administration leave office before a full Accounting of the Club's books is submitted and ratified by the general Assembly.*

- g. In case of an adverse report, the Executive Committee shall have two weeks to either rectify, report to or reply to the discrepancy.*

- h. All capital expenditures above one hundred dollars (\$100) must be reviewed and cleared by the Finance Committee, subject to rules governing*

the disbursements of funds, as outlined in the sections titled "Policies and Procedures."

- i. Article 7, Section 2e, does not contradict Article 5B, Section 2.*

Section 3. The Club shall have a five-person Judicial Committee whose principal responsibility shall be to investigate and determine the truth of allegations and settle disputes among Club members. This shall only be at the consent of the parties involved. The judicial Committee as described above shall be appointed by the President and confirmed by the general assembly according to the criteria that may be laid down from time to time by the general body, (Ref: Bylaws)

The Judicial Committee shall operate closely under the President as a disciplinary committee, and shall make disciplinary recommendations to him regarding any member meriting such measures. The President may communicate the same to the offender through analysis and evaluation of the measures, may communicate the same to the offender through the Secretary, or may seek reconsideration from the general assembly.

Section 4 The President shall appoint a Welfare and Disaster Committee comprising four Club members. Their duties shall be to respond quickly to need-based requests arising from either generally or commonly experienced situations, national crises or natural disasters. In any case, the Disaster Committee shall submit its sincere findings and recommendations to the Finance Committee which, in turn, shall make available, if sufficient, part or whole of the welfare amount budgeted and authorized by the President for the same period of time or solicit

more as the case may demand. The available amount shall be handed to the Disaster and Welfare Committee to meet the needs in question.

- a. The Club recognizes disaster as an unexpected loss, either natural or manmade, capable of bringing sorrow or misery to the loser. Under disaster are: loss by fire; loss by accident; loss by death; loss by famine; loss by climatic conditions (natural).*
- b. The Club shall not be obligated to solve members' disaster problems, but shall render possible immediate relief. Members, in light of unpredictable adverse circumstances, are advised to provide necessary indemnification policies for their interests and valuables.*

1. Death of Member.

If a member dies, there shall be wake-keeping/fund raising, to be held either at his/her house or at any other place, at the discretion of the survivor(s). The Club shall not be obligated to organize such a fund-raising but on a voluntary basis, individual members can offer manpower/human resources help. The expenses and revenues realizable from such fund-raising (if undertaken) is total responsibility of survivor(s). In either case, OSEC shall provide the sum of five thousand U.S. dollars (\$5,000.00) payable to the family of the deceased member. This amount may be taken from the Club's coffers if readily available. Otherwise, the Club shall levy its members, an amount necessary to raise the required sum of five thousand U.S. dollars (\$5,000.00). If time is of essence, as is likely to be the case in cases of such emergency, the Club shall be authorized to take an emergency loan for this purpose, and will repay this loan promptly as soon as the levy is collected from the entire membership of this Club.

Thus OSEC shall help, but shall not be totally responsible for all financial commitments to send a deceased member's corpse home to his/her family in Nigeria.

In this regard, members are strongly encouraged to buy some form of life Insurance for their families' protection.

Section 4b.

2. Death of immediate family member or children:

If a child or children of a member dies, every member shall gather in the residence of the bereaved member for wake keeping and emotional support. Voluntary donation is encouraged by all members.

- 3. If a close relative such as father or mother, (brother, sister, half brothers and half sisters excluded) dies, the Club shall organize a fundraising on behalf of a bereaved member in good standing. All monies realized from the fundraising shall be given to the bereaved member, less all expenses incurred by the Club. If the Club is informed of the death of either a brother or sister or half-brother or half-sister, a member as representative of the Club will pay a condolence visit to the bereaved member with one hot drink and two cartons of beer to the bereaved member.**

c. Other Disaster:

The Club in the event that a member suffers a disaster shall confirm the type of disaster according to the Club's rating at between 50% and 100% loss and give to such a member, the sum of \$250.00 as help. The Disaster

Committee, to be appointed by the President, shall come and go with the presidency that appointed them.

Section 5. New Committees:

The President may create and appoint committees from time to time as the need may warrant, for the efficient administration of the Club.

Section 6. Constitution Amendments:

The entire body of this Constitution or a part thereof shall be subject to revision and amendment in the interest of the Club either for the purpose of accommodating the feelings and wishes of its members or for the purpose of enabling its members to readjust and properly fit into unpredictable social, political, and economic changes in the State. Accumulated suggestions that qualify as constitutional materials shall be reviewed for inclusion in the constitution biannually. However, all amendments made before the biannual revision and inclusion shall be used as operating principles.

Section 7. Politicking:

No member shall directly or indirectly campaign for office during a current administration except during the one month prior to election. Biannual elections shall be held in the first week of July and officers assume office in September.

Section 8. Defaults in Payment:

Defaults in payment shall include failure to provide the Club's money when required to do so and shall invite police arrest, litigation and indictment. Failure to pay dues, levies, penalties or personal commitments and obligations at deadline shall invite systemic collection processes by the Treasurer and the Finance Committee.

Section 9. Resignation of Office:

Resignation of an officer shall only be expressed in writing and submitted through the Club's Secretary as documentary evidence. Nevertheless, verbal expressions made in Club meeting shall be regarded as documented and authentic because of the numerous witnesses. In either case the withdrawal by either verbal or written expression of resignation shall be fully at the discretion of the Club, who shall reserve the right to deliberate, hear testimony and conduct a referendum on behalf of the member. A three-quarters (3/4) majority of the members present voting for the officer shall reinstate him in office.

Section 2. In event that a conflict is not resolved through arbitration by the judicial Committee, the President shall be notified who, in turn, shall seek the consent of the parties involved to have the conflict resolved by the joint effort of the Executive Committee and the judicial Committee or further by the general assembly. In the event that a settlement is not reached, the parties involved shall have the right to go beyond the culture and traditional boundaries of the Club to seek a settlement.

Enclosure

We, the Orlu Community of Chicago and Environs, having found it necessary and profitable to establish a Club of our own for unity, cooperation and progress have consequently written and adapted the entire body of this Constitution and Bylaws, termed The Constitution of Orlu Social & Educational Club of Chicago and Environs, U.S.A. The Constitution as enacted by the Constitution Committee and General Assembly shall thereof remain the Club's legal instrument of organization to facilitate the administration, understanding and the application of the policies, procedures, rules and regulations governing all persons affected.

The Constitution is on this _____ day of _____ 2008 endorsed to establish its authenticity and legality as provided by the General Assembly.

Bylaws

The Orlu Social and Educational Club of Chicago and environs shall adopt and maintain Bylaws as contained in the following articles-that shall be termed "Articles of Bylaws"

ARTICLE 1

Code of Conduct

Section 1. Every member of the Club is expected to be a highly integrated person leading an honorable and exemplary life, reflecting the true Igbo culture and aiming at positively changing the Club's image, in particular, and the society in general.

Section 2. No member of the Club shall indulge in a shameful act that may mar the reputation of the Club and expose the Igbos to jeopardy, ridicule or gross disrepute. Any member who does so shall be terminated summarily.

Section 3. No member of the Club shall indulge in illegal acts.

Section 4. Association:

No member of the Club shall directly or indirectly side or associate with an organization(s) whose philosophy or political ideology, when interpreted and fully comprehended, shall mean or be harmful or destructive to the Club or to the unity and existence of the Igbo tribe.

ARTICLE 2

Meetings

Section 1. The Club shall hold its general meetings on the first Sunday of every other month at 4 o'clock past the meridian. The meetings shall adjourn at 7 o'clock past the meridian. Each meeting shall be held at an address announced in the previous meeting. Bimonthly dues are \$20.00. The hosting of meetings shall be according to the roster.

a. Quorum:

Forty percent (40%) or a period of 20 minutes past 4:00 PM, whichever comes first, of the entire registered membership in attendance shall be to form a quorum.

Section 1b. All functionary committees will meet at times and places as may be deemed necessary and convenient, depending on matters at hand. Matters of quorum shall be decided by each committee, depending on the number of people of which each is comprised.

Section 1c. The President, or his Vice in his absence, may summon an emergency meeting of either the general assembly or any of the functionary committees as need may be. Each functionary committee chairman may also arrange for an emergency meeting of its members.

ARTICLE 3

Every member of the Club in good standing is entitled to certain rights. The horizon of individual rights shall widen as the Union develops in resources to take care of its responsibilities.

Section 1. Deaths:

- a. A member: See Article 3, Section 1 and 2.*
- b. Immediate family members shall include: the spouse, sons and daughters (including step-children) of the member, provided they reside in his/her household.*
- c. A close relation shall include: father, mother, brothers and sisters.*
- d. Place of death: Death of a member at home or Abroad: Irrespective of the place of death, all families shall be similarly and equally compensated.*

Section 2. Regularity and Punctuality:

It is incumbent upon every member of the Club to be regular and punctual at meetings.

Section 3. Fees:

- a. Registration fee shall be in the sum of twenty dollars (\$20.00) for each member and spouse.*
- b. A sum of \$1.00 shall be charged as a late fee to any member who arrives 20 minutes late or after the quorum, whichever is earlier. Unexcused absence will attract a fine of \$5.00 payable with monthly dues.*
- c. Acts of misconduct, interruption, reckless expressions, rowdiness, fighting and unwarranted distracting movements shall bear with them reasonable fines or other disciplinary measures. Fighting shall bear with it a fine of \$50.00 with either an oral or written apology within 60 days, or in the next meeting.*
- d. Refreshments-Food and drinks of any type shall not be served until after the closing prayer. Any contrary act to this shall be deemed a lack of self-control and a thwarting of the law and authority, for which the offender shall be called to question for appropriate steps.*

ARTICLE 4

Community Programs

The Club shall adopt and finance a community program of its choice. The Secretary shall make a survey of all available community programs in the City and present a list with explanations to the general assembly who in turn shall choose whichever program they like.

ARTICLE 5

Amendments to Bylaws

The entire body of these Bylaws or a part thereof shall be subject to revision and amendment in the interest of the Club; either for accommodating the feeling and wishes of its members or for enabling its members to readjust and properly fit into unpredictable social, political and economic changes in the State.

ARTICLE 6

Conflicts

Section 1. No member of the Club shall take a fellow member to a court of law for any type of conflict. All conflicts among members shall either be resolved peacefully by members themselves or brought to the hearing of the judicial Committee, which shall in turn undertake arbitration procedures to achieve a peaceful settlement. The parties involved shall endorse a form of consent to such procedures.

Section 2. Happy Occasions:

a. Wedding:

In the event that a member is going to wed and the Club is duly notified and invited; the Club shall, at the discretion and consent of such a member, participate in all preparatory activities, as the Director of Social Activities may stipulate and direct, and eventually appear en masse in the ceremony. The Club shall be obligated to present a love token either of money or of gift to the wedded couple on behalf of the members. Individual members shall be free to express their love as they wish. The Club shall give a \$200.00 gift in cash or kind to deserving up-to-date, dues paying, meeting attending, active members, regular and/or associate.

b. Achievements:

For college graduations, baby delivery and naming ceremonies, if the Club members are invited, they shall make voluntary individual donations. However, the Club shall present a \$100.00 gift in cash to the family.

c. Igbo Language and Culture

In pursuit of the cultural and educational objectives of the Club as noted in Objective 3, the Constitution Amendment Committee suggests that a section be created during meetings to teach our children some Igbo language and culture. The form of these instructions and the logistics

for any designated instructors are matters that shall be worked out by the instructors themselves if the suggestion is adopted by the general assembly.

Section 3. Bail:

In the event that a member is arrested for an offense, the President and the Secretary shall be notified. The two shall inquire into the nature of the offense and the crime history of the member, according to the police report. If this is the member's first offense and this offense shall be determined to be minor, for which the intended bail shall not place the President, the Secretary and the Club in a precarious situation with an indelible stain, the bail shall be effected for up to one thousand U.S. dollars (\$1000.00). However, the arrested member can present collateral acceptable to the Club for more money, which is refundable to the Club when returned by the Courts. If, on the other hand, the crime is declared major and, by our interpretation, contrary to the Club Bylaws, and member has a history of arrests or offenses, the Club shall retain and maintain its honor through silence.

Section 4. *The Club shall in due time, as the need arises, recognize, by the issuing of certificates of award and plaques to honorable members who in every way have demonstrated elements of dedication to the Club. The award shall be a higher standard of merit depicting total involvement in the Club's activities, and absolute sensitivity and response to its demand. An awards Committee will determine qualifications and awards.*

Section 5. Loss of Membership:

A member shall lose his/her membership, and consequently, his/her responsibilities and rights if:

- a. He/she is in an irrecoverable indebtedness to the Club. Irrecoverable in this context shall mean a history of absenteeism and failure to pay dues.*
- b. He/she, from the date of adoption of this Constitution, is consecutively absent, without excuse, in three general meetings and fails to make his/her monthly dues available to the Financial Secretary, thereby falling into the delinquency list.*
- c. He/she is a habitual offender and is resistant to discipline.*
- d. He/she acts contrary to the Club's constitutions or its Bylaws*

Section 6a. Probationary Period for Club Member Right:

Every member shall be eligible for Club rights after a probationary period of six (6) months from the day of registration.

b. Reinstatement of Lapsed Membership:

For a lapsed membership to be reinstated the following conditions must be met:

- All past dues must be paid in full.*
- A reinstatement fee of \$20.00 plus current meeting dues shall be paid.*

No retroactive benefit shall accompany this reinstatement. Benefits are due to a reinstated member after the probationary period of 60 days.

Section 7. Politicking:

No member shall directly or indirectly campaign for office during a current administration except during the one month prior to election. Biannual elections shall be held in the first week of July and officers assume office in September.

Section 8. Defaults in Payment:

Defaults in payment shall include failure to provide the Club's money when required to do so and shall invite police arrest, litigation and indictment. Failure to pay dues, levies, penalties or personal commitments and obligations at deadline shall invite systemic collection processes by the Treasurer and the Finance Committee.

Section 9. Resignation of Office:

Resignation of an officer shall only be expressed in writing and submitted through the Club's Secretary as documentary evidence. Nevertheless, verbal expressions made in Club meeting shall be regarded as documented and authentic because of the numerous witnesses. In either case the withdrawal by either verbal or written expression of resignation shall be fully at the discretion of the Club, who shall reserve the right to deliberate, hear testimony and conduct a referendum on behalf of the member. A three-quarters (3/4) majority of the members present voting for the officer shall reinstate him in office.

The Mayor
City of Blue Island
Blue Island IL 60406

Dear Sir,

RE: ORLU ZONAL ASSEMBLY OF CHICAGO AND ENVIRONS

The above association has requested a reference from us regarding their pending application for special use permit for their newly acquired property in Blue Island. We certify that OZAC is one of the associations that hold their meetings and parties in our Social Hall. In the past 2 years we have enjoyed a mutually-beneficial relationship with the association without any regret whatsoever. They have conducted themselves with utmost respect for our facilities and the neighborhood. Their meetings and parties were very peaceful and they have promptly fulfilled their obligations regarding use of the hall.

We have no doubt that they will treat their own property with even more respect while enhancing the new community they are moving to.

Sincerely,

Rev. Raphael Ezech, M.S.P.

Pastor

TO: Mayor and City Council

FROM: Blue Island Zoning Board of Appeals

RE: Application of OZAC, NFP corporation (Orlu Zonal Assembly of Chicago and Environs) requesting a special use for the operation of a meeting place for OZAC; rental for banquets and other social - professional gatherings pursuant to Section 8.10 of the Zoning Code for the premises located at 2417 West York Street, Blue Island, Illinois.

A hearing by the Blue Island Zoning Board of Appeals was convened on March 28, 2012 at 6:00 p.m. concerning the above referenced application. The subject premise is located in C-1 Zoning District and a fraternal – banquet hall is a permitted special use in a C-1 Zoning District. The applicant acquired the property in 2011 and is legally described as follows: See attached deed as Exhibit 1.

The Zoning Board heard testimony and received evidence from the Applicant’s attorney, George Harding Gordon, Jr., 1231 North Ashland Avenue, Chicago, Illinois 60642. Mr. Gordon presented the Board an application containing a business plan of a meeting place, banquets, professional seminars and social gatherings. See attached Addendum to Application for Special Use as Exhibit 2. Mr. Gordon stated that OZAC is an organization that promotes and foster the assimilation of people from southeastern Nigeria.

Mr. Gordon stated that the attached “Addendum to Application for Special Use” (previously marked as Exhibit 2) addresses each standard required by the Code for the issuance of a Special Use and proceed to review each standard. He also represented that all building permits have been obtained from the City. Mr. Gordon stated that the facility would be available for rent. There would be no cooking on premises or the sale of alcoholic beverages. Any alcoholic beverages consumed on the premises would be supplied by the lessee’s cater who

would be required to possess the appropriate liquor license(s) and dram insurance. The banquets would run until 3:00 A.M..

Members of the Board inquired as to parking and the Applicant stated that there are two public lots that serve the property. The Board also questioned the Applicant as to the Occupancy limit and whether security would be provided. Mr. Gordon stated that he does not know the occupancy limit but the Applicant will require a bonded security officer at banquets where alcohol is consumed.

After hearing the testimony the Zoning Board reviewed the permitted and special uses allowed in a C-1 zoning district and reviewed the standards for the issuance of a special use permit as set forth in Article VIII, Section 8.10 (6) (a) through (f), inclusive. The standards are as follows:

- (a) The establishment, maintenance, or operation of this special use will not be detrimental to or endanger public health, safety, morals, comfort, or general welfare;
- (b) The special use herein requested will not be injurious to the use and enjoyment of other property in the immediate vicinity for the purposes already permitted, nor substantially diminish and impair property values within the neighborhood;
- (c) The establishment of the special use will not impede the normal and orderly development and improvement of the surrounding property for uses permitted in the district;
- (d) Adequate utilities, access roads, drainage and/or necessary facilities have been or are being provided;
- (e) Adequate measures have been or will be taken to provide ingress and

gress so designed as to minimize traffic congestion in public streets; and

- (f) The special use shall, in all other respects, conform to the applicable regulations of the district in which it is located.

The Zoning Board considered the above mentioned standards individually and found that the Applicant satisfied each one. A motion was duly made and second to approve the special use permit for operation of a fraternal – banquet facility with the following conditions: 1) The premise must conform to all Building Codes; 2) Occupancy limitation must be adhere in all situations; 3)Alcohol can not be consumed after 2:00 A.M. on the premise; 4) One license Security Officer must be retained for all rentals where alcohol is consumed.

The votes were:

Six (6) votes Aye

No (0) votes Nay

One (1) votes Absent

No (0) votes Abstain

This motion carried.

Therefore, the Zoning Board finds that issuance of a special use would be in accordance with the standards and requirements of Ordinance No. 2151 provided the applicant adheres to requirements previously stated.

Respectfully submitted,
ZONING BOARD OF APPEALS

ADDENDUM TO APPLICATION FOR SPECIAL USE

Applicant Orlu Zonal Assembly of Chicago and Environs (OZAC) formerly known as Orlu Social & Educational Club of Chicago and Environs, U.S.A. (OSEC) submits the following to show that it intends to conform to the Special Use Zoning Standards of the City of Blue Island.

The special use at 2417 York Street , Blue Island, Illinois (York building) will be a meeting place for the private club, OZAC, and as a gathering place for other groups such as girl scouts and boy scouts. Other organizations will be able to use it for meetings and conferences. It will be able to be used for church services, especially on Saturday and Sunday mornings. Additionally, it will serve as a banquet hall for parties for communions, for confirmations, for quincenaras, for weddings and for other family groups. It will be available to other organizations for meetings and conferences.

The building at 2417 York Street, Blue Island is a brick two story building with a basement. The York building is in Block 227 of the Sidwell Map for Blue Island, Illinois. The York building faces York Street to the north. On the east and the south, the York building is bounded by city alleys. The north/south alley east of the York building goes from York Street to New Street. The alley to the south of the York building goes westward from the east alley and parallels New Street for about two-thirds of the block. The York building's west wall adjoins a small city parking lot which parking lot separates it from the Blue Island Public Library. The York building is in an area which the 2002 Blue Island Chamber of Commerce and Industry's map of the City of Blue Island identifies as "Shopping & Entertainment Area."

The building lies in an area best described as a zoning conglomerate.

To the east, across the alley, going south, is a solid row of commercial enterprises on lots, which, with one exception, front solely on Western Ave.

The one exception is the southwestern corner lot that fronts on both York Street and Western Ave. On York Street, occupancy of this lot appears to be divided, approximately, into quarters. On York Street, the west quarter of this lot contains a small two story building, most likely a residential one. Going eastward, the next quarter of this lot contains the Lopez Tire Shop. The easternmost two quarters of this lot contain the Islands Cafe, an Italian themed restaurant which serves alcoholic beverages, including beer, wine and hard intoxicating liquor. The tire shop and the restaurant appear to share the same building. The entrance to Islands Cafe restaurant is on Western Ave.

Going southward on Western Ave., in addition to the Islands Cafe, the adjoining lots on Western Ave. contain a variety of commercial enterprises on the street level: a manicure/pedicure shop (which is also a manicure/pedicure school); a dance studio; a print shop; a grocery/fast food store; a clothing store; an insurance agency; a barber shop; and a florist shop, which shop is on the northwestern corner of Western and New Street with its entrance on Western Ave. The second floor above the manicure/pedicure shop contains a law office.

On New Street, west of the north/south alley is a solid line of one and two story residences that front on New Street. These residences have

backyards, to their south, running along the east/west alley. These backyards are either vacant or contain nonresidential structures. The backyards are about 30 to 50 feet in length. Two of these residences are immediately south, across the east /west alley from the 2417 York Street building. The residence, on the corner of the two alleys, has a two story nonresidential garage.

Looking north across York Street from the 2417 York Street building, starting at the northwest corner of York Street and Western Avenue and going west, are the following: a grocery store, a very large city parking lot and the United Church of Christ Church.

STANDARD (a)

That the establishment, maintenance or operation of the special use will not be detrimental to or endanger the public health, safety, morals, comfort or general welfare:

The special use will not be a nuisance. It will conform to the applicable public health, safety, morals, comfort or general welfare laws of the United States, of the State of Illinois, of the County of Cook and of the City of Blue Island. The establishment, maintenance or operation of the special use will not be detrimental to or endanger the public health, safety, morals, comfort or general welfare.

Concerning nuisance: A healthy environment will be provided - The People ex rel James P. Younger v. City of Chicago, 280 Ill 576 (1917) (animals); No dangerous machinery will be used - North City Railway Company v. Town of Lake View, 105 Ill 207 (1883) (dangerous machinery); no dangerous

materials were used or will be used in rehabbing the building -McCray v. City of Chicago, 292 Ill 60 (1920) (wallboard); no fraudulent activity will take place in the building - David Frost v. City of Chicago, 178 Ill 250 (1899) (fraudulent packaging); all rehab work in the building will be according to code and, will meet inspection successfully - Frederick J. Spiegler et al v. City of Chicago, 216 Ill 114 (1905) (inspection of oil wagon); and the consumption of alcoholic beverages will conform to applicable law - J. E. Laugel v. the City of Bushnell - 1197 Ill 20 (1902) (city can regulate consumption of alcoholic beverages).

More specifically, as to Health:

As to the consumption of alcoholic beverages, OZAC will allow groups that use the York building to bring their own alcoholic beverages subject to contractual agreement between lessor OZAC and lessee, such as no alcoholic consumption by minors, no taking of alcohol outside the York building, and no taking of bottles, other glassware, and crockery outside the York building. OZAC is contacting other banquet halls to learn what else to put in a lessor lessee contract. The City of Blue Island allows the sale of alcoholic beverages. Less than 150 feet from the York building, the Island Cafe sells alcoholic beverages. OZAC is soliciting bids for dram shop insurance. When alcohol is to be consumed at the York building, OZAC will employ Guardian Security Services (GSS), 3300 Burr Oak Ave. 3114, Blue Island, IL 60406-3806. GSS will maintain order and will enforce contract provisions, such as those concerning alcohol.

OZAC will employ Terminix as its exterminator and Homewood Disposal as

its scavenger. No alcohol will be sold at the York building. No cooking will take place at the York building; but some food brought in by lessees will be warmed up at the York building.

Specifically, as to safety:

The York building is of concrete and masonry construction. OZAC has completely renovated the inside of the York building. OZAC has applied for a permit to the City of Blue Island to have ADT Security Services, 111 Windsor Drive, Oak Brook, IL 60523, to install and maintain its smoke/heat detection alarm system. This smoke/heat detection alarm system will be connected to the Blue Island Central Fire Station. A carbon dioxide automatic fire extinguishing system has been installed. An alarm system that will announce unwanted entry to the York building has also been installed. Exits will be conspicuously marked. Travelers Insurance is the carrier for fire and hazard and personal injury insurance.

Specifically, as to morals

The contract between OZAC Lessor and lessee will prohibit nudity and pornography. As stated above, OZAC is contacting other banquet halls to learn what else to put in a lessor lessee contract.

Specifically, as to comfort or general welfare:

The interior of the York building has a working elevator. OZAC is exploring how to bring the entry of the building in compliance with the Americans with Disabilities Act. OZAC is also considering ways to reduce the amount

of noise made in the York building that can be heard outside it so as not to disturb the members of the few residential buildings that adjoin the York building.

STANDARD (b)

That the special use will not be injurious to the use and enjoyment of other property in the immediate vicinity for the purposes already permitted, nor substantially diminish and impair property values within the neighborhood:

The special use will not be injurious to the use and enjoyment of other property in the immediate vicinity for the purposes already permitted, nor substantially diminish and impair property values within the neighborhood. Rather, it will bring business to the local commercial interests and it will provide all its neighbors with an attractive meeting place.

Special attention will be paid to comfort and general welfare of the few residential units close to the special use. OZAC is considering ways to reduce the amount of noise made in the York building that can be heard outside it so as not to disturb the members of the few residential buildings that adjoin the York building. OZAC is also planning on inviting all the neighbors, both residential and commercial, to an open house, so they can tell us their concerns.

STANDARD (c)

That the establishment of the special use will not impede the normal and orderly development of the surrounding property for purposes permitted in the district:

The establishment of the special use will not impede the normal and orderly development of the surrounding property for purposes permitted in the district. The surrounding property is already well developed for the wide range of purposes permitted in the district. Every lot in its block and across York Street is already dedicated to a specific use. Consumption of alcohol at the special use will not change anything. Alcohol is already permitted less than 150 feet away from the special use.

STANDARD (d)

That adequate utilities, access roads, drainage and/or necessary facilities have been or are being provided:

Adequate utilities, access roads, drainage and/or necessary facilities have been or are being provided. As to utilities, the York building is hooked up to natural gas and to electricity service and to alarm, fire alarm and fire extinguishing systems. Telephone service will be obtained. As to access

roads, the special use is on York, a main street and within 150 feet of Western Avenue, Blue Island's principal commercial street. All drainage and/or necessary facilities have been or are being provided.

STANDARD (e)

That adequate measures have been or will be taken to provide ingress and egress so designed as to minimize traffic congestion in public streets:

Adequate measures have been or will be taken to provide ingress and egress so designed as to minimize traffic congestion in public streets. With the exception of the front walkway, the York building occupies all of its lot, so that ingress and egress onto and off of its lot is not possible. There is adequate ingress and egress both to the city parking lot immediately west of the special use and to the large city parking lot immediately north across York Street from the special use. The special use is in a shopping and entertainment area. Heavy traffic is expected in such an area. Besides, some of the vehicle traffic to the special use will be in the evening when traffic is lighter.

STANDARD (f)

That the special use shall, in all other respects, conform to the applicable

regulations of the district in which it is located, except as such regulations may, in each instance, be modified by the City Council pursuant to the recommendations of the Zoning Board of Appeals:

The special use does, in all other respects, conform to the applicable regulations of the "conglomerate" district in which it is located, except as to such regulations which may, in each instance, be modified by the City Council pursuant to the recommendations of the Zoning Board of Appeals.

The York building is well suited for use as a meeting hall, including its use as a banquet hall, since it is located in a primarily "Shopping and Entertainment Area." The highest and best use of the York building is as a Club meeting hall including its use as a banquet hall.

OZAC respectfully prays that the Zoning Board of Appeals of the City of Blue Island report to the City Council of Blue Island that it recommends, with any additional conditions and guarantees, the acceptance of the special use at 217 York Street, Blue Island, Illinois as a Club meeting hall including its use as a banquet hall.

Mayor Peloquin stated he had 2 items that he had forgot to mention under his business.

They are currently in the process of finalizing the redevelopment of the intersection of 127th and Sacramento, the turning lanes into the High School. There are some changes with sidewalks being placed on the North side of the street and across the railroad tracks. In the agreements the railroad put in that if the City allows that to happen, the City would take responsibility if anything were to happen. The Mayor is requesting permission from Council to sign and finalize the agreement.

Motion by Ald. Janko, second by Ald. Ostling to approve.

On the Question: Ald. Frausto asked if the sidewalks are included.

The Mayor stated yes. This is to put them in over the railroad right away.

Ald. Johnson asked who would be responsible for the upkeep of the sidewalks by the railroad.

The Mayor stated the railroad would be responsible of the upkeep based in the tracks; anything on the other side is the City's.

Upon a vote, the Mayor declared the motion carried.

Mayor Peloquin offered Nicholas Crite, the new Director of Planning an opportunity to step to the podium to introduce himself.

Mr. Crite stated that he had worked for the City back in 2006 and is ecstatic in being back and is looking forward to meeting and working with everybody in the City.

**CITIZENS WISHING TO ADDRESS THE COUNCIL
REGARDING THIS EVENING BUSINESS**

Tony Stefanelli, out going Health Inspector, personally thanked each and everyone from the City for the past 4-years. It has been a great opportunity for and he has learned a lot. Mr. Stefanelli then introduced the new Health Inspector, Tom Mailhiot.

Mark Kuehner of 2250 Orchard Street extended a special invitation to everyone on the City Council to a Memorial Day Celebration that will be on Saturday, May 26, 2012 at 10:00 am over at Lincoln School. It is being sponsored by Bethel Pentecostal Church and CASA Blue Island along with the generous help for School District 130. This would be an important opportunity to remember our Veterans.

Jud Coyle of 2627 W. 135th Street was asking if the East Annex would be available for Angel's Touch to use for a benefit.

The Mayor asked if they would be serving alcohol at it.

Ms. Coyle stated no.

The Mayor stated if the room is available Angel's Touch can use it and for her to check with his secretary.

Alan Stevo of 2323 Union Street asked Mayor Peloquin a series of questions.

Mayor Peloquin stated that Mr. Stevo's questions were not relevant to the Meeting.

ADJOURNMENT

Motion by Ald. Janko, second by Ald. Rita to adjourn the meeting.

Upon a vote, the Mayor declared the motion carried.

The next regular meeting of the City Council is scheduled for May 22, 2012 at 7:00 p.m.

Pam Frasar, City Clerk
