PLANNING & BUILDING DEPARTMENT - STAFF REPORT

DATE: MAY 11, 2018
RE: 2233 DES PLAINES

Company: Environmental Cleansing Corporation (ECC)

Proposal: Property Demolition

Location: 2233 Des Plaines

Current Use: Abandoned

Introduction

ECC has submitted a proposal to demolish and legally dispose of the subject property.

Discussion

On 3/16/2018 a security fence was installed around the property after discovering it had collapsed. The property was open, vacant and determined to be an immediate hazard to the City and community. Numerous attempts to contact the owner to address the issue were unsuccessful. The City took appropriate legal action in order to cure this situation. A "Notice to Remediate" sign was posted at 2233 Des Plaines on March 19, 2018. No response was ever received by the owner prompting the City to move forward with demolition plans. A priority lien will be placed on the property by the City with the intent to take ownership of the vacant land.

Conclusion

The ECC proposes to furnish all labor, tools, equipment, materials, transportation, supervision and insurance to legally dispose of the structure and backfill the basement excavation.

Demolition and remediation are eligible expenses through the Abandoned Property Program, Round 2.
