NARRATIVE:

Awarded Location

This project starts on 119th Place at Irving Avenue (2221 119th Place) and ends at the 119th Street Metra Station (2066 119th Place)

AWARDED Project Description

The project entails the removal and replacement of existing deteriorated asphalt roadway; repair of existing damaged or deteriorated curbing, gutters and sidewalk; repair of all drainage structures in the project area and restoration of areas including planting trees to improve storm water drainage and improve air quality. It will also include handicap ramps where needed.

The project also has green infrastructure elements, tying into numerous rain gardens on Longwood Drive, and constructing a new bioswale and green alley along 119th Place, leveraging grant funding from the MWRD.

Note: The environmental review requirement must be cleared by the County in accordance with 24 CFR 58.22 prior to the incurrence of costs on activities that would limit the choice of reasonable alternatives. The County has no obligation to fund this Project until the County has cleared the environmental review requirement and issued an Authorization to Incur Grant Costs to the Subrecipient.

Specific Anticipated Accomplishments

The proposed 119th Place project will improve the storm water drainage in this poorly draining area, improve accessibility for residents by modernizing and repairing pedestrian facilities. Improvements in roadway pavement and signage will improve safety for both vehicles and pedestrians.

Restoration of the work area will provide a double benefit of improving the areas aesthetic appeal as well as improving the environment for City residents by planting street trees to capture and filter storm water and improve air quality.

Tied to this project will be an adjacent green infrastructure project funded by the City of Blue Island and the MWRD. This project involves the reconstruction of the 119th Place alley and the creation of a bioswale / infiltration basin at 2050 119th Place.

This project addresses the City's highest priorities in Blue Island's Capital Improvement Priorities Report for improvements to accessibility, roadway and green infrastructure.

The construction shall be done by bonded contractors acceptable to the CDBG Program and must comply with the affirmative goal of using minority and women-owned businesses (MBE/WBE) which is currently set at 24% MBE and 10% WBE based upon the current County ordinance. The Subrecipient may use the County's Directory of Minority Business Enterprises, Women Business Enterprises and Disadvantaged Business Enterprises in its efforts to comply with this paragraph.

The Subrecipient shall at all times observe and comply with all laws, ordinances, rules or regulations of the Federal, State, County and local governments, as amended from time to time, which may in any manner affect the performance of this Agreement. Provided, however, that the County may, from time to time, impose stricter regulations or requirements than required by Federal laws, rules and regulations, and that the Subrecipient hereby agrees to comply with said County regulations or requirements. **Additionally, the Subrecipient agrees to attend two (2) related County sponsored workshops and/or training sessions during the program year, as applicable. Failure to attend may subject the Subrecipient to non-compliance penalties under Paragraph 23.**

The County shall be exempt from payment of all Unemployment Compensation, FICA, retirement, life and/or medical insurance and Workers Compensation Insurance, as the Subrecipient is an independent contractor.

1. Compliance

The Subrecipient shall comply with current County policy concerning the purchase of equipment and shall maintain inventory records of all non-expendable personal property as defined by such policy as may be procured with funds provided herein. All program assets (unexpended program income, property, equipment, etc.) Shall revert to the County upon termination of this Agreement.

2. OMB Standards

Unless specified otherwise within this Agreement, the Subrecipient shall procure all materials, property, or services in accordance with the requirements of 24 CFR 84.40-48.

3. Travel

The Subrecipient shall obtain written approval from the County for any travel outside the metropolitan area with funds provided under this Agreement.

E. Use and Reversion of Assets

The use and disposition of real property and equipment under this Agreement shall be in compliance with the requirements of 24 CFR Part 84 and 24 CFR 570.502, 570.503, and 570.504, as applicable, which include but are not limited to the following:

1. The Subrecipient shall transfer to the County any CDBG funds on hand and any accounts receivable attributable to the use of funds under this Agreement at the time of expiration, cancellation, or termination.
2. Real property under the Subrecipient's control that was acquired or improved, in whole or in part, with funds under this Agreement in excess of \$25,000 shall be used to meet one of the CDBG National Objectives pursuant to 24 CFR 570.208 until five (5) years after expiration of this Agreement [or such longer period of time as the County deems appropriate]. If the Subrecipient fails to use CDBG-assisted real property in a manner that meet a CDBG National Objective for the prescribed period of time, the Subrecipient shall pay the County an amount equal to the current fair market value of the property less any portion of the value

attributable to expenditures of non-CDBG funds for acquisition of, or improvement to, the property. Such payment shall constitute program income to the County. The Subrecipient may retain real property acquired or improved under this Agreement after the expiration of the five-year period.

3. In all cases in which equipment acquired, in whole or in part, with funds under this Agreement is sold, the proceeds shall be program income (prorated to reflect the extent to that funds received under this Agreement were used to acquire the equipment). Equipment not needed by the Subrecipient for activities under this Agreement shall be (a) transferred to the County for the CDBG program or (b) retained after compensating the County [an amount equal to the current fair market value of the equipment less the percentage of non-CDBG funds used to acquire the equipment].

RELOCATION, REAL PROPERTY ACQUISITION AND ONE-FOR-ONE HOUSING REPLACEMENT

If applicable to the Project, the Subrecipient agrees to comply with (a) the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended (URA), and implementing regulations at 49 CFR Part 24 and 24 CFR 570.606(b); (b) the requirements of 24 CFR 570.606(c) governing the Residential Anti-displacement and Relocation Assistance Plan under section 104(d) of the HCD Act; and (c) the requirements in 24 CFR 570.606(d) governing optional relocation policies. The Subrecipient shall provide relocation assistance to displaced persons as defined by 24 CFR 570.606(b)(2) that are displaced as a direct result of acquisition, rehabilitation, demolition or conversion for a CDBG-assisted project. The Subrecipient also agrees to comply with applicable County's ordinances, resolutions and policies concerning the displacement of persons from their residences.

NARRATIVE:

Awarded Location

This project starts on 119th Place at Irving Avenue (2221 119th Place) and ends at the 119th Street Metra Station (2066 119th Place)

AWARDED Project Description

The project entails the removal and replacement of existing deteriorated asphalt roadway; repair of existing damaged or deteriorated curbing, gutters and sidewalk; repair of all drainage structures in the project area and restoration of areas including planting trees to improve storm water drainage and improve air quality. It will also include handicap ramps where needed.

The project also has green infrastructure elements, tying into numerous rain gardens on Longwood Drive, and constructing a new bioswale and green alley along 119th Place, leveraging grant funding from the MWRD.

Note: The environmental review requirement must be cleared by the County in accordance with 24 CFR 58.22 prior to the incurrence of costs on activities that would limit the choice of reasonable alternatives. The County has no obligation to fund this Project until the County has cleared the environmental review requirement and issued an Authorization to Incur Grant Costs to the Subrecipient.

Specific Anticipated Accomplishments

The proposed 119th Place project will improve the storm water drainage in this poorly draining area, improve accessibility for residents by modernizing and repairing pedestrian facilities. Improvements in roadway pavement and signage will improve safety for both vehicles and pedestrians.

Restoration of the work area will provide a double benefit of improving the areas aesthetic appeal as well as improving the environment for City residents by planting street trees to capture and filter storm water and improve air quality.

Tied to this project will be an adjacent green infrastructure project funded by the City of Blue Island and the MWRD. This project involves the reconstruction of the 119th Place alley and the creation of a bioswale / infiltration basin at 2050 119th Place.

This project addresses the City's highest priorities in Blue Island's Capital Improvement Priorities Report for improvements to accessibility, roadway and green infrastructure.
